VIEW CHINESE TROUBLE AS NO FLASH IN PAN

U. S. GOVERNMENT NOW FORMULATING POLICY, TACTICS

BELIEVE DIFFICULTIES THERE
WILL CONTINUE FOR SOME
TIME

DISCREETLY TRYING TO GET
AMERICAN MISSIONARIES
BACK HERE

By LUDWELL DENNY
(United Press Staff Correspondent)

Washington, March 31.—(UP)—The United States government is formulating its policy and tactics on the assumption that the Chinese trouble is not a flash in the pan but will continue for a long time.

Discreetly, it is trying to get practically all of the American missionaries over there back to this country.

Following the order of American Minister MacMurray in Peking for the evacuation of all Americans from nationalist territory and their concentration in the Shanghai international settlement, it has been discovered there is no room there for refugees.

A recommendation by Consul General Gauss at Shanghai, which the state department has passed on to representatives of all the mission boards here, suggests sending to America all the refugee missionaries in Shanghai as quickly as transportation can be provided.

MacMurray has now extended his original evacuation order to include the area between the Yellow and the Yangtze rivers. And even at Canton in the south, far from the zone of military operations, the American consul has ordered Americans to be ready for evacuation.

Though officials here refuse to discuss the subject, it is known that the state department and American officials in China are embarrassed by the refusal of many missionaries, including some at Nanking, to leave their posts. This embarrassment increased by the opposition of some missionaries to the use of American warships and marines in China.

So far most missionary officials here have hesitated about closing down their Chinese activities more or less permanently.

GIRL REPUDIATES STORY OF KILLING HER FATHER

Winona, Minn., March 31.—(UP)—Kitty Jones, 15-year-old farmer girl who confessed killing her father and wounding her mother "because they were better to my kid brother," today had repudiated her original story of the crime and named Sam Boyd, 35, her alleged sweetheart, as the slayer.

"He killed my dad," she told Sheriff T. M. Thompson. "I took the blame because he threatened to kill me and I was afraid of him."

Both the girl and Boyd, a married man, were held in Montgomery county jail charged with murder. Each is accused of shooting to death Ira Jones, 50, the girl's father, and inflicting the wound that blinded Mrs. Jones, her mother, in one eye. They will be given a preliminary hearing as soon as Mrs. Jones is able to testify.

Panama Government Has Filed No Claims Regarding Ship Seizure

Washington, March 31.—(UP)—The state department said today the Panama government has not filed nor given intention of filing any claim for damages resulting from the recent seizure of the Federalship, an alleged rum runner, off the California coast. Published reports in California had claimed such action was contemplated or had been taken.

MOTION DENIED FOR NEW TRIAL IN SINCLAIR CASE

Washington, March 31.—(UP)—Justice William Hitz today denied the motion for a new trial in the case of Harry Sinclair, oil magnate, convicted of contempt of the senate.

Government and defense attorneys were told they could argue at 10 A. M. tomorrow the question whether the conviction is on one or four counts. A minimum sentence of one to four months depends upon the outcome of Hitz' rulings on this point.

16 Bills On State Government Reorganization

EVERY TIME STORK CAME IT MEANT MONEY

Los Angeles, March 31.—(UP)—Every time the stork arrives at the home of Mr. and Mrs. J. F. White it means another \$100,000 for Mrs. White.

By a prenuptial agreement, White promised to pay his wife this sum for each child born to their union, he revealed yesterday in filing answer to an income tax suit for \$251,120.

White, a British subject of Tampico, Mexico, is fighting attempts of the government to collect taxes claimed to be due on property he owns in Los Angeles.

Two children have been born to the Whites, the Tampico man said in his affidavit. To make good his marriage pact he said he formed a Los Angeles corporation valued at \$200,000 in the name of his wife, who is American born.

White said he had no earnings in this country.

EDITOR ARRESTED ON A CRIMINAL LIBEL CHARGE

GEORGE R. DALE, EDITOR OF
MUNCIE POST-DEMOCRAT,
IN INDIANA CASE

DALE, IN EXILE IN OHIO SEVERAL WEEKS, TAKEN INTO CUSTODY

Muncie, Ind., March 31.—(UP)—George R. Dale, editor of the Muncie Post-Democrat, was arrested here today by Sheriff Harry McCauley on a criminal libel indictment.

Dale, who has been in exile in Ohio for several weeks, came home because of the illness of his daughter, Elizabeth, and was taken into custody.

The indictment on which he was arrested charges him with criminal libel against Judge Clarence Dearth of the Delaware county circuit court. Judge Dearth is now being tried before the state senate on impeachment charges resulting from his order for seizure of the issue of the Post-Democrat, which contained the attack.

Dale was in Washington at the time the indictment was returned, seeking re-instatement of his appeal from a jail sentence for contempt of court because of a previous attack on Dearth. Hearing of the indictment, Dale stopped in Ohio on his homeward journey and successfully resisted attempts to extradite him.

LEGISLATION BEING SOUGHT TO STRENGTHEN BANKS

ADVANCED BY BANKING COMMITTEE OF SENATE ON WEDNESDAY

COMMITTEE GIVES STAMP OF APPROVAL TO EIGHT BILLS

St. Paul, March 31.—(UP)—Legislation which sponsors claim would result in strengthening of banks in Minnesota was advanced by the banking committee of the senate on Wednesday.

The committee gave the stamp of approval to eight bills sponsored by the Minnesota Bankers' Association. They will now be introduced as committee bills.

All indications point to a speeding up of banking legislation, the committee having voted to push the bills along in the senate as a special order of business.

One of the principal proposals in the bills would require that surplus amount to 20 per cent of the capital before earnings are touched. When that is accomplished banks could reserve one-fourth of the net earnings until surplus amounts to one-half of the capital.

The other bills, it is claimed, would also tend to make banks of the state safer by setting certain restrictions the association says are necessary.

St. Paul Daily News Claims State Treasurer's Books Are in Hands of the "Big Three"

150,000 MINERS TO WALK OUT IN COAL FIELDS

CENTRAL COMPETITIVE FIELD
AFFECTED, STOPPAGE AT
MIDNIGHT

BITUMINOUS COAL AREA IN
PENNSYLVANIA, OHIO, INDIANA, ILLINOIS, IOWA

By GERALD P. OVERTON
(United Press Staff Correspondent)

Indianapolis, Ind., March 31.—Work whistles were sounded at coal mines in the central competitive field today for what is expected to be the last time in months.

At midnight tonight, 150,000 miners in western Pennsylvania, Ohio, Indiana, Illinois and Iowa will walk out with the expiration of the agreement under which the United Mine Workers of America have been operating in the bituminous field.

Union officials declared today the shutdown would not be complete. It is claimed many mine owners in the district have agreed to continue operation on the basis of the expiring contract.

Operators' representatives, however, declared the percentage of mine capacity which will remain in operation will be negligible.

The strike order was issued by John L. Lewis, president of the miners' union, when operators refused to renew the working agreement providing for a basic wage of \$7.50 a day. The agreement has been in force since August 16, 1926.

Operators refused to continue on the \$7.50-a-day basis because competing non-union fields in West Virginia, Kentucky, Tennessee and part of Pennsylvania were mining coal at a low wage rate which they claim makes profitable operation on the union basis impossible.

Both sides are prepared for a long fight. Mine owners declare they will be firm in their stand against competing on the higher wage basis. Union leaders assert their organization is in shape for a prolonged strike with funds in banks which are sufficient to meet the needs of the miners for months.

Des Moines, Ia., March 31.—An order for a strike of about 7,000 coal miners in Iowa at 12:30 A. M. tomorrow, was announced here today by Morgan Lewis, vice president of District No. 13, United Mine Workers of America.

The strike order was the result of the failure of mine union officials of the Iowa Coal Operators' Association to agree upon negotiations for a new wage contract to supplant the one which expires at midnight tonight.

Union officials had hopes until the eleventh hour of obtaining a working agreement in Iowa pending the settlement of the wage dispute.

Poor Paper Closes Bank

St. Paul, March 31.—(UP)—Poor paper was given as the reason for the closing today of the Villard State bank, Villard, according to A. J. Veigel, banking commissioner.

The bank had deposits of \$85,000 and capital of \$10,000.

93 YEAR OLD WOMAN INJURED IN MILL CITY FIRE

Minneapolis, March 31.—(UP)—A 93-year-old woman was perhaps fatally injured here today in one of two fires which endangered the lives of ten persons.

Mrs. Julia Heath was carried from a blazing four-family flat after she was overcome by smoke. Her condition was said to be critical.

Nine other persons were either carried or escaped down firemen's ladders when fire destroyed a two-story rooming house, Andrew Worsick, a roomer, was acclaimed a hero by other occupants of the house, for his part in the escape. Worsick spread the alarm to the second floor dwellers after having carried his own two children to safety.

SUPERIOR HIGH SCHOOL STUDENTS IN STRIKE MOOD

Superior, Wis., March 31.—(UP)—With no one to restrain them, the students of Superior Central high school are to walk out in a strike Friday morning.

The strike will be a protest against the dismissal of Miss Lulu J. Dickerson, English instructor, from the faculty.

Miss Dickerson was dismissed by Superintendent of Schools Paul R. Spencer because, he said, she did not work in harmony with his policies.

A threatened strike immediately after the dismissal was averted when parents held two mass meetings and brought pressure to bear on the school board. But the board would not yield.

Members of the board said today that no special meeting had been called to reconsider the Dickerson action and that none was likely.

Principal C. G. Wade announced that he did not believe the strike could be averted.

Superintendent Spencer said he would not interfere.

The students took the strike vote at a meeting Wednesday night. There were few dissenters.

ALL BUT 4 OF 300 MINERS TRAPPED ESCAPE

FINAL CHECKUP OF SURVIVORS
INDICATES SAME AT PENNSYLVANIA MINE

3 EXPLOSIONS ROCKED DRIFTS
OF COAL MINE AT EHRENFELD

Johnstown, Pa., March 31.—(UP)—All but four of more than 300 miners trapped in the Pennsylvania Coal & Coke Corporation's mine at Ehrenfeld, Pa., by an explosion, escaped alive, a final checkup of survivors indicated today.

Four bodies were taken from the mine late yesterday.

Two men, knocked unconscious by the blast, were saved by rescuers. The others were able to escape unaided.

Three explosions rocked No. 3 drift of the mine shortly after noon yesterday when gas deep in the mine became ignited. The shocks were felt for miles around. Flames spurted from the shafts of the mine and the little office at the main shaft crumpled. Members of the office staff were cut by flying glass.

At the first explosion, all the miners but the four killed and the two knocked unconscious sought safety by lying down or dodging into a protected recess in the mine, and thus escaped injury when the other explosions came.

All through the afternoon the workers struggled to the surface in little groups. Many were afraid to venture out at first for fear of more explosions, and it was not until after dusk that the last of the survivors reached the surface.

Seventy-five men escaped through a rear air shaft.

The first explosion apparently occurred about a mile and a half from the main shaft. The second and most severe swept through the drift to the shaft, and when the third followed, mine experts believed many of the miners must have been killed.

BOY IS HAZED; DIES FROM INJURIES

Mexico, Mo., March 31.—(UP)—James Clay Parks, six, son of Mr. and Mrs. Joshua A. Parks, died here today from blood poisoning said to have developed from injuries inflicted by elder boys at the country school he attended.

The boy was hazed, according to his parents, when he changed schools. The Parks' home is 14 miles northwest of Centralia. The family moved to an adjoining school district from the Friendship district March 5.

CLAIM THEY HAVE HAD THEM PAST 21 MONTHS

EVER SINCE HENRY RINES, FORMER STATE TREASURER, RESIGNED

ENTIRE MATTER, SAYS NEWS-PAPER, NOW UNDER INVESTIGATION

St. Paul, March 31.—(UP)—The St. Paul Daily News today said it had learned that the state treasurer's books are in the hands of the "Big Three."

The News stated that the books have been in the hands of the "Big Three" for 21 months, since Henry Rines, former state treasurer, resigned and was named state comptroller, and chairman of the state commission of administration and finance.

Inquiries made by the paper were said to have revealed that the entire matter is now under investigation by the state special joint legislative committee probing the state treasurer's and state auditor's offices.

While meetings of the joint committee are all executive and therefore virtually secret, it was understood that information concerning the treasury books was revealed to the committee late Wednesday by Julius Schmah, present treasurer, and E. W. Starke, former treasurer.

Inquiries in regard to funds of the state agricultural fund resulted in the knowledge that the books had been removed to the "Big Three" office. George Lafond, chief accountant in the treasurer's office, declared he could give no information on the agricultural funds for the reason that the books were in the office of the "Big Three." Further questioning was said to have revealed that they had been there since Rines left office in July, 1925.

It is presumed that the records are being kept by one or more of the special accountants employed by the "Big Three," a year or more ago to check on the defalcations of Walter Martin, former state deputy treasurer who is now serving a Stillwater prison term for embezzlement.

The News further stated that the "Big Three" was said to have demanded the books of the state auditor, but that M. J. Desmond, deputy state auditor, refused to turn them over. Desmond, it is known, is keeping the old set of books despite the installation of a new accounting system in the auditor's office by the "Big Three."

The joint committee making the treasury-auditor's office probe, expected shortly to retain the services of a firm of accountants, independent of the state, to conduct a thorough investigation of the books of the two offices.

London, March 31.—(UP)—The Spanish steamer Tordera with many Spanish troops aboard was afire off Velez Gomeria rocks today, a Lloyd's dispatch from Gibraltar said. The S. S. Gastilla was going to the Tordera's assistance after receiving an SOS.

CONFESSES TO STRANGLING WIFE, BURNING BODY

Paris, March 31.—(UP)—Third degree measures today drew from Paul Jules Vermande, 27, a confession that he strangled his wife, crammed her body into the firebox of the furnace he tended in the basement of a Nancy printing plant and then left for Paris in the company of his mistress, Mme. Pauline Windeck.

Vermande was arrested today within 48 hours of the commission of his crime after the charred remains of bones, teeth and metallic bits of clothing had been found in the firebox.

In Nancy, Vermande's home town, police said the fireman had the reputation of a Don Juan. His arrest recalled the famous Landru case which ended when Landru, accused of murdering his lovers, lost his head on the guillotine.

REDUCING SIZE OF EUROPE'S ARMIES IS DIMMED TODAY

Geneva, March 31.—(UP)—Prospects of reduction of the size of Europe's armies was further dimmed today when the League of Nations preparatory disarmament commission adopted the first article of the proposed disarmament convention.

The signatories to this first article would undertake to limit the total number of their military effectives with the colors and the total number of officers and also to limit the period of service. But it was admitted that the program would not impose any reduction in the size of armies, but rather would stabilize the situation, since each nation would submit to the conference the number of effectives it considered necessary to its national defense. It was believed unlikely that any nation would suggest that an army smaller than that now maintained by it would suffice.

WITH U. S. FLEET IN CARIBBEAN WATERS SOUTH

IN MIDST OF A FAR-FLUNG
MIMIC ENGAGEMENT

VARIOUS UNITS OF ATTACKING
FORCE REPRESENT IMAGINED
ENEMY

With the United States fleet in Caribbean Waters, March 31.—(UP)—The battle fleet today is in the midst of a far-flung mimic engagement in these southern waters with various units of an attacking force, representing an imagined enemy, seeking to break through the defense representing the American fleet.

As the opposing sides are jockeying about, the problem has become more complex. The maneuvering has developed far more strategy than was contemplated at the outset. The problem is being worked by both sides with great ability so that keen interest has been aroused in the outcome.

The result of the mock battle which will be announced later will be of the greatest value to the development of naval strategy, in the opinion of the commanding officers. The location of the fleet units is being kept secret at this stage of the game.

ARKANSAS EVACUATES FLOOD AREA

WATERS OF MISSISSIPPI FLOOD
LAND AS LEVEES GIVE
AWAY

WORKERS THROWING UP REIN-
FORCEMENTS FLED FOR
THEIR LIVES

Little Rock, Ark., March 31.—(UP)—Snow Lake, Arkansas, and the farming community for miles around it was under several feet of water early today with the entire area evacuated.

Waters from the roaring Mississippi were turned loose on the community last night when a portion of the river levee gave way and workmen who were busy throwing up re-enforcements fled before the rush of water. Families who left their homes with a few of their belongings were carried out of the Snow Lake community on passenger and freight trains. Trains from St. Louis to New Orleans over the Missouri Pacific lines were diverted off the main line through Little Rock on account of the high water.

No further danger of further breaks had been discovered today by engineers who have inspected the levees up and down the river for miles.

Many refugee families who fled their homes were living in tents and box cars today. Engineers estimated the water will not recede for 30 days.

PASSED BY THE HOUSE OF REPRESENTATIVES

ABOLISHMENT OF THE STATE
BOARD OF VISITORS

TRANSFER DAIRY AND FOOD DE-
PARTMENT TO AGRICULTURAL
DEPARTMENT

St. Paul, March 31.—(UP)—Thirteen bills relating to reorganization of the state government were passed by the Minnesota house of representatives today.

Abolishment of the state board of visitors and transfer of the dairy and food department to the department of agriculture were among the most important of the bills.

Gov. Theodore Christanson ordered the changes in the departments two years ago but until today no authority had been given to the executive orders by the legislature.

St. Paul, March 31.—Action taken by the house of representatives Wednesday would result in direct benefit to automobile owners and prospective purchasers of motor vehicles in Minnesota.

Another important step taken was the action of the game and fish committee in recommending a bill which would create an interim committee to review present laws pertaining to outdoor life.

The approval was broadened when the committee favored a codification of laws of Minnesota and adjacent states, in regard to wild life protection. It recommended that Wisconsin, North and South Dakota and Ontario, Can., also take steps to create a special committee to study game and fish laws.

The house Wednesday passed four bills relating to registration of automobiles.

The approved bills would: Permit buyers of new cars to operate—with police permission—15 days without license.

Permit visiting tourists to operate automobiles in Minnesota 90 days without obtaining new license plates. The present law calls for a limit of 30 days before the change must be made.

Lessen penalty imposed on drivers failing to remit license tax within time limit.

Allow seven days for competition. Allow seven days for completion of sale of an automobile instead of the present three days.

STANLEY NARING, BANDIT SUSPECT, UNDER ARREST

Hurley, Wis., March 31.—(UP)—Stanley Naring, bandit suspect, is under arrest here today following the shooting to death of his accomplice, Frank Leski, by police here late Wednesday.

When officers went to the farm home of Stanley Sokolowski to take the pair charged with a number of holdups in this vicinity, they were met by a barrage of gun fire.

The battle ended when one of the police gained entrance to the basement of the building and riddled Leski with a half dozen shots. Naring then gave himself up without protest.

HILL HEIRS ARE AWARDED A SMALL REFUND

St. Paul, March 31.—(UP)—Heirs of the late Mrs. Mary T. Hill today were awarded \$9,508 in their suit against the United States government for a refund of \$3,141,677 inheritance taxes. The decision filed by Joseph W. Molyneux, United States district judge in a final court order, marks the end of a legal tangle for recovery and payment of taxes between the government and the Hill estate which began Nov. 29, 1926.

SECRETARY KELLOGG DENIES INTENTION OF RESIGNING

Washington, March 31.—(UP)—Secretary of State Kellogg today denied recurring reports that he intends to resign and that he plans to take an extended vacation soon in California.

VIEW CHINESE TROUBLE AS NO FLASH IN PAN

U. S. GOVERNMENT NOW FORMULATING POLICY, TACTICS

BELIEVE DIFFICULTIES THERE
WILL CONTINUE FOR SOME
TIME

DISCREETLY TRYING TO GET
AMERICAN MISSIONARIES
BACK HERE

By LUDWELL DENNY
(United Press Staff Correspondent)

Washington, March 31.—(UP)—The United States government is formulating its policy and tactics on the assumption that the Chinese trouble is not a flash in the pan but will continue for a long time.

Discreetly, it is trying to get practically all of the American missionaries over there back to this country.

Following the order of American Minister MacMurray in Peking for the evacuation of all Americans from nationalist territory and their concentration in the Shanghai international settlement, it has been discovered there is no room there for refugees.

A recommendation by Consul General Gauss at Shanghai, which the state department has passed on to representatives of all the mission boards here, suggests sending to America all the refugee missionaries in Shanghai as quickly as transportation can be provided.

MacMurray has now extended his original evacuation order to include the area between the Yellow and the Yangtze rivers. And even at Canton in the south, far from the zone of military operations, the American consul has ordered Americans to be ready for evacuation.

Though officials here refuse to discuss the subject, it is known that the state department and American officials in China are embarrassed by the refusal of many missionaries, including some at Nanking, to leave their posts. This embarrassment increased by the opposition of some missionaries to the use of American warships and marines in China.

So far most missionary officials here have hesitated about closing down their Chinese activities more or less permanently.

GIRL REPUDIATES STORY OF KILLING HER FATHER

Winona, Miss., March 31.—(UP)—Kitty Jones, 15-year-old farmer girl who confessed killing her father and wounding her mother "because they were better to my kid brother," today had repudiated her original story of the crime and named Sam Boyd, 35, her alleged sweetheart, as the slayer.

"He killed my dad," she told Sheriff T. M. Thompson. "I took the blame because he threatened to kill me and I was afraid of him."

Both the girl and Boyd, a married man, were held in Montgomery county jail charged with murder. Each is accused of shooting to death Ira Jones, 50, the girl's father, and inflicting the wound that blinded Mrs. Jones, her mother, in one eye. They will be given a preliminary hearing as soon as Mrs. Jones is able to testify.

Panama Government Has Filed No Claims Regarding Ship Seizure

Washington, March 31.—(UP)—The state department said today the Panama government has not filed nor given intention of filing any claim for damages resulting from the recent seizure of the Federalship, an alleged rum runner, off the California coast. Published reports in California had claimed such action was contemplated or had been taken.

MOTION DENIED FOR NEW TRIAL IN SINCLAIR CASE

Washington, March 31.—(UP)—Justice William Hitz today denied the motion for a new trial in the case of Harry Sinclair, oil magnate, convicted of contempt of the senate. Government and defense attorneys were told they could argue at 10 A. M. tomorrow the question whether the conviction is on one or four counts. A minimum sentence of one to four months depends upon the outcome of Hitz' rulings on this point.

16 Bills On State Government Reorganization

EVERY TIME STORK CAME IT MEANT MONEY

Los Angeles, March 31.—(UP)—Every time the stork arrives at the home of Mr. and Mrs. J. F. White it means another \$100,000 for Mrs. White.

By a prenuptial agreement, White promised to pay his wife this sum for each child born to their union, he revealed yesterday in filing answer to an income tax suit for \$251,120.

White, a British subject of Tampico, Mexico, is fighting attempts of the government to collect taxes claimed to be due on property he owns in Los Angeles.

Two children have been born to the Whites, the Tampico man said in his affidavit. To make good his marriage pact he said he formed a Los Angeles corporation valued at \$200,000 in the name of his wife, who is American born.

White said he had no earnings in this country.

EDITOR ARRESTED ON A CRIMINAL LIBEL CHARGE

GEORGE R. DALE, EDITOR OF
MUNCIE POST-DEMOCRAT,
IN INDIANA CASE

DALE, IN EXILE IN OHIO SEVERAL WEEKS, TAKEN INTO CUSTODY

Muncie, Ind., March 31.—(UP)—George R. Dale, editor of the Muncie Post-Democrat, was arrested here today by Sheriff Harry McCauley on a criminal libel indictment.

Dale, who has been in exile in Ohio for several weeks, came home because of the illness of his daughter, Elizabeth, and was taken into custody.

The indictment on which he was arrested charges him with criminal libel against Judge Clarence Dearth of the Delaware county circuit court. Judge Dearth is now being tried for the state senate on impeachment charges resulting from his order for seizure of the issue of the Post-Democrat, which contained the attack.

Dale was in Washington at the time the indictment was returned, seeking re-instatement of his appeal from a jail sentence for contempt of court because of a previous attack on Dearth. Hearing of the indictment, Dale stopped in Ohio on his homeward journey and successfully resisted attempts to extradite him.

LEGISLATION BEING SOUGHT TO STRENGTHEN BANKS

ADVANCED BY BANKING COMMITTEE OF SENATE ON WEDNESDAY

COMMITTEE GIVES STAMP OF APPROVAL TO EIGHT BILLS

St. Paul, March 31.—(UP)—Legislation which sponsors claim would result in strengthening of banks in Minnesota was advanced by the banking committee of the senate on Wednesday.

The committee gave the stamp of approval to eight bills sponsored by the Minnesota Bankers' Association. They will now be introduced as committee bills.

All indications point to a speeding up of banking legislation, the committee having voted to push the bills along in the senate as a special order of business.

One of the principal proposals in the bills would require that surplus amount to 20 per cent of the capital before earnings are touched. When that is accomplished banks could reserve one-fourth of the net earnings until surplus amounts to one-half of the capital.

The other bills, it is claimed, would also tend to make banks of the state safer by setting certain restrictions the association says are necessary.

St. Paul Daily News Claims State Treasurer's Books Are in Hands of the "Big Three"

150,000 MINERS TO WALK OUT IN COAL FIELDS

CENTRAL COMPETITIVE FIELD AFFECTED, STOPPAGE AT MIDNIGHT

BITUMINOUS COAL AREA IN PENNSYLVANIA, OHIO, INDIANA, ILLINOIS, IOWA

By GERALD P. OVERTON
(United Press Staff Correspondent)

Indianapolis, Ind., March 31.—Work whistles were sounded at coal mines in the central competitive field today for what is expected to be the last time in months.

At midnight tonight, 150,000 miners in western Pennsylvania, Ohio, Indiana, Illinois and Iowa will walk out with the expiration of the agreement under which the United Mine Workers of America have been operating in the bituminous field.

Union officials declared today the shutdown would not be complete. It is claimed many mine owners in the district have agreed to continue operation on the basis of the expiring contract.

Operators' representatives, however, declared the percentage of mine capacity which will remain in operation will be negligible.

The strike order was issued by John L. Lewis, president of the miners' union, when operators refused to renew the working agreement providing for a basic wage of \$7.50 a day. The agreement has been in force since August 16, 1920.

Operators refused to continue on the \$7.50-a-day basis because competing non-union fields in West Virginia, Kentucky, Tennessee and part of Pennsylvania were mining coal at a low wage rate which they claim makes profitable operation on the union basis impossible.

Both sides are prepared for a long fight. Mine owners declare they will be firm in their stand against competing on the higher wage basis. Union leaders assert their organization is in shape for a prolonged strike with funds in banks which are sufficient to meet the needs of the miners for months.

Des Moines, Ia., March 31.—An order for a strike of about 7,000 coal miners in Iowa at 12:30 A. M. tomorrow, was announced here today by Morgan Lewis, vice president of District No. 13, United Mine Workers of America.

The strike order was the result of the failure of mine union officials of the Iowa Coal Operators' Association to agree upon negotiations for a new wage contract to supplant the one which expires at midnight tonight.

Union officials had hopes until the eleventh hour of obtaining a working agreement in Iowa pending the settlement of the wage dispute.

Poor Paper Closes Bank

St. Paul, March 31.—(UP)—Poor paper was given as the reason for the closing today of the Villard State bank, Villard, according to A. J. Veigel, banking commissioner.

The bank had deposits of \$85,000 and capital of \$10,000.

93 YEAR OLD WOMAN INJURED IN MILL CITY FIRE

Minneapolis, March 31.—(UP)—A 93-year-old woman was perhaps fatally injured here today in one of two fires which endangered the lives of ten persons.

Mrs. Julia Heath was carried from a blazing four-family flat after she was overcome by smoke. Her condition was said to be critical.

Nine other persons were either carried or escaped down firemen's ladders when fire destroyed a two-story rooming house. Andrew Worsick, a roomer, was acclaimed a hero by other occupants of the house, for his part in the escape. Worsick spread the alarm to the second floor dwellers after having carried his own two children to safety.

SUPERIOR HIGH SCHOOL STUDENTS IN STRIKE MOOD

Superior, Wis., March 31.—(UP)—With no one to restrain them, the students of Superior Central high school are to walk out in a strike Friday morning.

The strike will be a protest against the dismissal of Miss Lulu J. Dickerson, English instructor, from the faculty.

Miss Dickerson was dismissed by Superintendent of Schools Paul R. Spencer because, she said, she did not work in harmony with his policies.

A threatened strike immediately after the dismissal was averted when parents held two mass meetings and brought pressure to bear on the school board. But the board would not yield.

Members of the board said today that no special meeting had been called to reconsider the Dickerson action and that none was likely.

Principal C. G. Wade announced that he did not believe the strike could be averted.

Superintendent Spencer said he would not interfere.

The students took the strike vote at a meeting Wednesday night. There were few dissenters.

ALL BUT 4 OF 300 MINERS TRAPPED ESCAPE

FINAL CHECKUP OF SURVIVORS INDICATES SAME AT PENNSYLVANIA MINE

3 EXPLOSIONS ROCKED DRIFTS OF COAL MINE AT EHRENFELD

Johnstown, Pa., March 31.—(UP)—All but four of more than 300 miners trapped in the Pennsylvania Coal & Coke Corporation's mine at Ehrenfeld, Pa., by an explosion, escaped alive, a final checkup of survivors indicated today.

Four bodies were taken from the mine late yesterday. Two men, knocked unconscious by the blast, were saved by rescue crews. The others were able to escape unaided.

Three explosions rocked No. 3 drift of the mine shortly after noon yesterday when gas deep in the mine became ignited. The shocks were felt for miles around. Flames spurted from the shafts of the mine and the little office at the main shaft crumpled. Members of the office staff were cut by flying glass.

At the first explosion, all the miners but the four killed and the two knocked unconscious sought safety by lying down or dodging into a protected recess in the mine, and thus escaped injury when the other explosions came.

All through the afternoon the workers struggled to the surface in little groups. Many were afraid to venture out at first for fear of more explosions, and it was not until after dusk that the last of the survivors reached the surface.

Seventy-five men escaped through a rear air shaft.

The first explosion apparently occurred about a mile and a half from the main shaft. The second and most severe swept through the drift to the shaft, and when the third followed, mine experts believed many of the miners must have been killed.

BOY IS HAZED; DIES FROM INJURIES

Mexico, Mo., March 31.—(UP)—James Clay Parks, six, son of Mr. and Mrs. Joshua A. Parks, died here today from blood poisoning said to have developed from injuries inflicted by elder boys at the country school he attended.

The boy was hazed, according to his parents, when he changed schools. The Parks' home is 14 miles northwest of Centralia. The family moved to an adjoining school district from the Friendship district March 15.

CLAIM THEY HAVE HAD THEM PAST 21 MONTHS

EVER SINCE HENRY RINES, FORMER STATE TREASURER, RESIGNED

ENTIRE MATTER, SAYS NEWS-PAPER, NOW UNDER INVESTIGATION

St. Paul, March 31.—(UP)—The St. Paul Daily News today said it had learned that the state treasurer's books are in the hands of the "Big Three."

The News stated that the books have been in the hands of the "Big Three" for 21 months, since Henry Rines, former state treasurer, resigned and was named state comptroller, and chairman of the state commission of administration and finance.

Inquiries made by the paper were said to have revealed that the entire matter is now under investigation by the state special joint legislative committee probing the state treasurer's and state auditor's offices.

While meetings of the joint committee are all executive and therefore virtually secret, it was understood that information concerning the treasury books was revealed to the committee late Wednesday by Julius Schmah, present treasurer, and E. W. Starke, former treasurer.

Inquiries in regard to funds of the state agricultural fund resulted in the knowledge that the books had been removed to the "Big Three" office. George Lafond, chief accountant in the treasurer's office, declared he could give no information on the agricultural funds for the reason that the books were in the office of the "Big Three." Further questioning was said to have revealed that they had been there since Rines left office in July, 1925.

It is presumed that the records are being kept by one or more of the special accountants employed by the "Big Three," a year or more ago to check on the defalcations of Walter Martin, former state deputy treasurer, who is now serving a Stillwater prison term for embezzlement.

The News further stated that the "Big Three" was said to have demanded the books of the state auditor, but that M. J. Desmond, deputy state auditor, refused to turn them over. Desmond, it is known, is keeping the old set of books despite the installation of a new accounting system in the auditor's office by the "Big Three."

The joint committee making the treasury-auditor's office probe, expected shortly to retain the services of a firm of accountants, independent of the state, to conduct a thorough investigation of the books of the two offices.

London, March 31.—(UP)—The Spanish steamer Tordera with many Spanish troops aboard was affire off Velez Gomera rocks today, a Lloyd's dispatch from Gibraltar said. The S. S. Gastilla was going to the Tordera's assistance after receiving an SOS.

CONFESSES TO STRANGLING WIFE, BURNING BODY

Paris, March 31.—(UP)—Third degree measures today drew from Paul Jules Vermande, 27, a confession that he strangled his wife, crammed her body into the firebox of the furnace he tended in the basement of a Nancy printing plant and then left for Paris in the company of his mistress, Mme. Pauline Windeck.

Vermande was arrested today within 48 hours of the commission of his crime after the charred remains of bones, teeth and metallic bits of clothing had been found in the firebox.

In Nancy, Vermande's home town, police said the fireman had the reputation of a Don Juan. His arrest recalled the famous Landru case which ended when Landru, accused of murdering his lovers, lost his head on the guillotine.

REDUCING SIZE OF EUROPE'S ARMIES IS DIMMED TODAY

Geneva, March 31.—(UP)—Prospects of reduction of the size of Europe's armies was further dimmed today when the League of Nations preparatory disarmament commission adopted the first article of the proposed disarmament convention.

The signatories to this first article would undertake to limit the total number of their military effectives with the colors and the total number of officers and also to limit the period of service. But it was admitted that the program would not impose any reduction in the size of armies, but rather would stabilize the situation, since each nation would submit to the conference the number of effectives it considered necessary to its national defense. It was believed unlikely that any nation would suggest that an army smaller than that now maintained by it would suffice.

WITH U. S. FLEET IN CARIBBEAN WATERS SOUTH

IN MIDST OF A FAR-FLUNG MIMIC ENGAGEMENT

VARIOUS UNITS OF ATTACKING FORCE REPRESENT IMAGINED ENEMY

With the United States fleet in Caribbean Waters, March 31.—(UP)—The battle fleet today is in the midst of a far-flung mimic engagement in these southern waters with various units of an attacking force, representing an imagined enemy, seeking to break through the defense representing the American fleet.

As the opposing sides are jockeying about, the problem has become more complex. The maneuvering has developed far more strategy than was contemplated at the outset. The problem is being worked by both sides with great ability so that keen interest has been aroused in the outcome.

The result of the mock battle which will be announced later will be of the greatest value to the development of naval strategy, in the opinion of the commanding officers. The location of the fleet units is being kept secret at this stage of the game.

ARKANSAS EVACUATES FLOOD AREA

WATERS OF MISSISSIPPI FLOOD LAND AS LEVEES GIVE AWAY

WORKERS THROWING UP REINFORCEMENTS FLED FOR THEIR LIVES

Little Rock, Ark., March 31.—(UP)—Snow Lake, Arkansas, and the farming community for miles around it was under several feet of water early today with the entire area evacuated.

Waters from the roaring Mississippi were turned loose on the community last night when a portion of the river levee gave way and workmen who were busy throwing up re-enforcements fled before the rush of water.

Families who left their homes with a few of their belongings were carried out of the Snow Lake community on passenger and freight trains. Trains from St. Louis to New Orleans over the Missouri Pacific lines were diverted off the main line through Little Rock on account of the high water.

No further danger of further breaks had been discovered today by engineers who have inspected the levees up and down the river for miles.

Many refugee families who fled their homes were living in tents and box cars today. Engineers estimated the water will not recede for 30 days.

PASSED BY THE HOUSE OF REPRESENTATIVES

ABOLISHMENT OF THE STATE BOARD OF VISITORS

TRANSFER DAIRY AND FOOD DEPARTMENT TO AGRICULTURAL DEPARTMENT

St. Paul, March 31.—(UP)—Thirteen bills relating to reorganization of the state government were passed by the Minnesota house of representatives today.

Abolishment of the state board of visitors and transfer of the dairy and food department to the department of agriculture were among the most important of the bills.

Gov. Theodore Christianson ordered the changes in the departments two years ago but until today no authority had been given to the executive orders by the legislature.

St. Paul, March 31.—Action taken by the house of representatives Wednesday would result in direct benefit to automobile owners and prospective purchasers of motor vehicles in Minnesota.

Another important step taken was the action of the game and fish committee in recommending a bill which would create an interim committee to review present laws pertaining to outdoor life.

The approval was broadened when the committee favored a codification of laws of Minnesota and adjacent states, in regard to wild life protection. It recommended that Wisconsin, North and South Dakota and Ontario, Can., also take steps to create a special committee to study game and fish laws.

The house Wednesday passed four bills relating to registration of automobiles.

The approved bills would: Permit buyers of new cars to operate with police permission—15 days without license.

Permit visiting tourists to operate automobiles in Minnesota 90 days without obtaining new license plates. The present law calls for a limit of 30 days before the change must be made.

Lessen penalty imposed on drivers failing to remit license tax within time limit.

Allow seven days for competition. Allow seven days for completion of sale of an automobile instead of the present three days.

STANLEY NARING, BANDIT SUSPECT, UNDER ARREST

Hurley, Wis., March 31.—(UP)—Stanley Naring, bandit suspect, is under arrest here today following the shooting to death of his accomplice, Frank Leski, by police here late Wednesday.

When officers went to the farm home of Stanley Sokolowski to take the pair charged with a number of holdups in this vicinity, they were met by a barrage of gun fire.

The battle ended when one of the police gained entrance to the basement of the building and riddled Leski with a half dozen shots. Naring then gave himself up without protest.

HILL HEIRS ARE AWARDED A SMALL REFUND

St. Paul, March 31.—(UP)—Heirs of the late Mrs. Mary T. Hill today were awarded \$9,508 in their suit against the United States government for a refund of \$3,141,677 inheritance taxes. The decision filed by Joseph W. Molyneux, United States district judge in a final court order, marks the end of a legal tangle for recovery and payment of taxes between the government and the Hill estate which began Nov. 29, 1926.

SECRETARY KELLOGG DENIES INTENTION OF RESIGNING

Washington, March 31.—(UP)—Secretary of State Kellogg today denied recurring reports that he intends to resign and that he plans to take an extended vacation soon in California.

Vol. 2 THURSDAY, MARCH 31, 1927 No. 15

First of April tomorrow. Be cautious. Don't pick up any pocketbooks or kick any old derby hats. Which reminds us of a man we once knew who found a pocketbook on the first of April and it had six dollars in it.

"Wheah you-all ben?"
"Lookin' foah work."
"Man! man! Youh cu'sosity gonna git you in to trouble yet."

"Cold baths prolong life," says a magazine here on our desk. But we're not interested. That just means more cold baths.

Soon the sound of the pie plant will be heard and the breath of young onions will be abroad in the land.

As near as we can figure out, this game of marbles wasn't designed for people with an increasing belt-line.

No matter how hot it gets or how cold, or how wet, Mule-Hide Roofing goes right ahead "doing business." It has an absolutely waterproof base with a mineral surface that defies the elements, as the poet says.

It isn't so hard to face the trial

Of the day's routine with a quip,
But ther' ain't no man can cook up a smile
When he's lyin' at home with the gripe.

Ben Anderson of the Bye Clothing Co. told us this one:

"Anything besides collars, ties and handkerchiefs, sir? How about some night shirts?"
"I ain't no society rounder, young feller; when night comes I go to bed."

A lot of radio sets are of the "railroad type"—they whistle at every station.

Overalls, aprons and the popular harlequin costume will be the favorites. The public which has so generously patronized Yeomen dances in the past, held in the old Elks hall will find the same courtesy and good times at future dances in the Iron Exchange hall.

change hall. Lou's band which is chiefly responsible for the past success of Yeomen dances will continue to give dance lovers the very best in the line of music. The Yeomen intend to continue their program of dances and parties throughout the coming season.

BRAKEMAN LOSES FINGER

Duluth Man Injured While Uncoupling Cars in Brainerd Yards

J. C. Skomars, of Duluth, a brakeman on the N. P., had his little finger taken off this afternoon at 3:45 o'clock, while uncoupling cars of the west bound freight train in the Brainerd yards.

Miss Winifred Small to Entertain Guild

Miss Winifred Small is entertaining St. Mary's Guild of St. Paul's Episcopal church this evening at the home of Mrs. Fred Farrar, 43 Bluff Avenue North.

Mrs. Victor Peterson Entertains

Mrs. Victor Peterson entertained last night for members of the Senior class play cast "Who Pays the Bills" at her home, 205 North Sixth street. Both Elmer and Carl Peterson are in the cast.

Hasbrouck-Rasmussen

The marriage took place Tuesday afternoon in the probate court chambers of Miss Elma H. Rasmussen to William F. Hasbrouck, Judge L. B. Kinder, officiating. The couple are well known young people residing in Pequot.

The groom is a son of Mr. and Mrs. C. H. Hasbrouck and is employed in the Home Bakery at Pequot. The newly married couple will make their home in Pequot.

Congregational Church Circles

The circles of the First Congregational church will meet tomorrow afternoon at 3 o'clock at the following homes:

Circle No. 1 will meet with Mrs. Carl Wright, 703 North Fifth street.
Circle No. 2 with Mrs. R. L. Geiss, 317 North Fourth street.
Circle No. 3 with Mrs. E. E. Iverson, 203 Juniper street.
Circle No. 4 with Mrs. Mons Mahlum, 16 Bluff Avenue.

THE KNOT HOLE

Vol. 2 THURSDAY, MARCH 31, 1927 No. 15

First of April tomorrow. Be cautious. Don't pick up any pocketbooks or kick any old derby hats. Which reminds us of a man we once knew who found a pocketbook on the first of April and it had six dollars in it.

"Wheah you-all ben?"
"Lookin' foah work."
"Man! man! Youh cu'osity's gonna git you into trouble yet."

"Cold baths prolong life," says a magazine here on our desk. But we're not interested. That just means more cold baths.

Soon the sound of the pie plant will be heard and the breath of young onions will be abroad in the land.

As near as we can figure out, this game of marbles wasn't designed for people with an increasing belt-line.

No matter how hot it gets or how cold, or how wet, Mule-Hide Roofing goes right ahead "doing business." It has an absolutely waterproof base with a mineral surface that defies the elements, as the poet says.

It isn't so hard to face the trial

Of the day's routine with a quip,
But ther' ain't no man can cook up a smile
When he's lyin' at home with the gripe.

Ben Anderson of the Bye Clothing Co. told us this one:

"Anything besides collars, ties and handkerchiefs, sir? How about some night shirts?"
"I ain't no society rouser, young feller; when night comes I go to bed."

A lot of radio sets are of the "railroad type"—they whistle at every station.

OBSERVES 25TH BUSINESS YEAR

J. C. Penney Co. Stores Throughout
Country Celebrate
Anniversary

LOCAL STORE DECORATED

Silver Forms Predominating Color
Scheme Honoring
Occasion

The J. C. Penney Co., of Brainerd today joins in celebrating with 773 chain stores of the nation wide institution the 25th or silver anniversary of the foundation of the first Penney store, by decorating their show windows and the front of their store on the corner of South Seventh and Laurel streets in a gala fashion.

A background of silver is a picturesque setting of the decorative scheme embodying the upward growth of the Penney stores in the period of 25 years.

Large shields of silver, gold, blue and black are used prominently on the front of the store and the show windows. Three links run diagonally across the shield and within the upper link is a picture of the company's original store in 1902. The center link has a picture of one of its modern stores of today and in the lower link is a picture of the company's mammoth 18 story steel and concrete warehouse and office building in New York.

From these shields three strands of yellow roping are fastened to two smaller shields, one of which is inscribed "1902" and the other "1927" denoting an intervening period of 25 years since the company was established.

A similar arrangement also is used in the interior of the show window on a background of dazzling silver tinsel cloth. The effect obtained is decidedly striking.

April is to be a gala month for all the Penney stores scattered throughout the country.

A large birthday cake created in silver with 25 silver candle sticks adorns the show window and beautiful silverware add a touch of the sincere home life to the showing.

Following its well established custom, the local store is not to hold a sale nor in any other way depart from the policies it has steadfastly adhered to, but in conjunction with the other stores in the organization, it has assembled attractive stocks of spic and span new merchandise, prominent among which are many numbers representing large purchases made especially for the company's celebration.

"No business can stand still," said R. E. Wyett, manager of the local store. "It must go forward or fall behind. Naturally we shall work hard to push forward. My home is here. My financial interests are here. There is no place that I can think of in which I would rather live than here. The people have been very generous and by serving them better day by day, I expect the local store of the J. C. Penney Co. will not only push forward in the confidence of the public but will take its place side by side with every interest that has local betterment at stake."

WEST OAK LAWN SCHOOL NEWS

Paul, Florence, Pearl and Clifford Meyers have entered our school. There are now 41 enrolled.

Mrs. Irma Hartley and County Agent E. G. Roth were pleasant visitors at our school March 29. Mr. Roth organized a Boys' and Girls' club while here. Paul Meyers was elected president, Peter McKay, vice president, and Vera Congdon, secretary. West Oak Lawn Boys' and Girls' club was the name chosen for

Routs 4-year Rheumatism

Legs and hips affected, Charles Axelsson finds his system of pain. Stomach also affected, but now enjoys good health. Praises Tanlac for it.

Mr. Axelsson, a respected citizen of Minneapolis, lives at 1809 Second St., South. He works hard and needs all his robust health and vitality. "For four years," he said recently, "I had a bad time with rheumatism. It settled in the calves of my legs, and in my hips. To make matters worse, my stomach went out of order, and I felt myself slipping fast."

"Even the lightest food brought on violent pains, as if a dagger was going through me. I would lie awake nearly all night, tortured by pain. All day I could hardly drag myself around. My brother-in-law, August Strum, advised me to try Tanlac, as nothing else was helping. I've taken nine bottles and haven't had a twinge of pain for some time. My appetite and digestion are fine as ever. I've gained 11 lbs. and feel better than ever in my life. Tanlac has put new life in me."

Thousands of grateful folks have had experience similar to that of Mr. Axelsson. Over a hundred thousand have written to tell us so. If your health is run down, start on Tanlac today. It is nature's own remedy, made from herbs, roots, and barks. Your druggist has it. 52 million bottles already sold.

the club. The children are very much interested and enthused.

Ella and Charles Larson are leaving this school to attend school in Seattle, Wash., the rest of the term. They are leaving with their parents for Seattle, Sunday, April 3. The Larson family will make their future home there.

There will be a meeting in West Oak Lawn school Tuesday evening, April 5 at 8 o'clock for the organization of a Parent Teacher's association. All parents and friends are cordially invited to attend.

BIG ORDER RECEIVED

Advertising a Big Factor in Increasing Sales of
Frigidaire

Three thousand and thirty-four Frigidaire orders were received yesterday—the largest normal day's business in the history of the organization, according to J. C. Clausen, local representative, who received word from E. G. Biechler, president and general manager of the Frigidaire corporation.

Unparalleled prosperity in 1927 for the Frigidaire corporation with a retail sales total for the year twice that of 1926 was forecast by Mr. Biechler, following his return to Dayton, Ohio, from a 5,000 mile trip.

"The business is growing at a rate to almost baffle conjecture. All over

the country there is an increasing interest in electric refrigeration. Steadily mounting demand for electric refrigeration in commercial lines of business is being evidenced in the growing volume of sales. This branch of the business will equal that of the household division in 1927," he said. The Frigidaire corporation is doing more newspaper advertising this year than ever before in its history.

BRAINERD 25 YEARS AGO

From the Daily Dispatch

March 29, 1902

Lloyd Seeger left today for Beardstown, Ill., being called on account of the serious illness of his father.

About 30 people went out to the poor farm last night to partake of the hospitality of Mr. and Mrs. Geo. McCulloch.

W. A. M. Johnstone who accompanied his wife and Mrs. E. H. White as far as St. Paul on their way to Kentucky returned this morning.

Hilda Slipp left this afternoon for Minneapolis where she will visit for a few days with friends.

Harold Webb came in from Fari-

bault this afternoon to visit with his father, E. O. Webb.

J. A. Van Dyck has returned from Hot Springs, Ark., and is looking very much better.

Frank Weitzel returned from Wadena this afternoon where he has been visiting his grandmother. Miss Lizzie LeMay also returned to the city after a pleasant visit in that city with relatives.

Mr. and Mrs. E. K. Wooden returned from the Twin Cities this afternoon.

CARNIVAL PROGRAM

To be Presented for Benefit of Northeast Brainerd Baseball Team

A large and diversified program has been prepared by members of the N. E. Brainerd baseball team for the carnival which will be presented for the benefit of the team tomorrow evening at the Lowell school. Two shows will be given, one at 7:30 o'clock sharp and the other at 9:15 p. m. The 15 numbers are given by well known local talent and include:

Talk on Baseball—County Attorney Walter F. Wieland.

Piano duet—Miss Beatrice Stearns and Mrs. Chas. Hall.

Dialogue—Callahan Bros.

Vocal solo—Mrs. Ben Anderson.

Monologue—John Holvick.

Cornet solo—Donald Marshall.

Toboggan duet—Joe Swindell and Pat Murphy.

Acrobatic stunts—Misses Mildred Hill, Bernice Hill, Violet Ritari.

Vocal solo—Dr. C. E. Anderson.

Dance—Irene Peterson.

Vodvil act—Schwendemann Bros.

Vocal solo—Dr. G. I. Badeaux.

Dialogue—Jackson and Herington.

Selection—Hay Rube Band, Ent.

"The Mulberry Bush."

Another featured attraction that has been secured is the fortune telling booth in charge of Mrs. C. J.

Schiels, one of Brainerd's foremost exponents of the art. Past, present and future will be revealed for a small sum.

The N. E. Booster's band will play in the down town business district a short time before the opening of the program and will lead the way to the school. It will also play in the halls and various rooms, and with its music keep up the true carnival spirit.

CASH PRIZES

JOIN the fun! Carry off a big cash prize! Tell us in just five words why Decker's Iowa Brand of Ham and Bacon is given first place at your table. Perhaps the sweet, mild flavor of these products won you instantly; perhaps their melting tenderness or their finely grained texture.

Beginning with the Decker selection of Iowa's finest grain-fed porkers, there are endless reasons for the superiority of Iowa Ham and Bacon. For 200 years the Deckers have specialized in the preparation of ham and bacon, each generation cherishing as heritage, the secret Decker process of curing and smoking.

Be One of the 75 Winners!

It costs nothing to enter this Decker Contest; and a few minutes' effort may bring you \$100 in cash. Here are the prizes:

1st Prize—\$100.00	4th and 5th Prizes—\$10.00 each
2nd Prize—\$50.00	6th to 25th Prizes—\$5.00 each
3rd Prize—\$30.00	26th to 75th Prizes—
	1 lb. Carton Iowa Bacon

Contest Rules:

- 1—Everyone is eligible for entry in this Contest excepting Decker employees.
- 2—In exactly 5 words—no more, no less—give your reason for preferring Decker's Iowa Ham and Bacon. Your reason may cover Iowa Ham exclusively, Iowa Bacon exclusively, or both products taken together. Examples:
Just bursting with "hammy" flavor.
Sweet and tender every time.
Lean and fat perfectly balanced.
- 3—All members of a family may join this Contest, but each entrant may submit only one answer. Sign your name and address clearly. Also give the name and address of your meat dealer.
- 4—Three prominent citizens in no way connected with Jacob E. Decker & Sons, will act as judges. Their decision will be final.
- 5—In case of a tie decision, duplicate prizes will be given.
- 6—Answers must not be postmarked later than April 20.
- 7—We reserve the right to use all answers submitted, for such publicity purposes as we see fit.

Woman So Nervous Can't Digest Food

"I was bothered with gas so bad that I thought I would choke. Food wouldn't digest but stayed in big lumps. I was so nervous. Nothing helped me till I heard of Adlerika. It has done wonders for me."—Mrs. T. A. Derosia.

Because Adlerika acts upon BOTH upper and lower bowel, it gives the system a REAL cleansing, and clears out old poisons which usually cause sour, gassy stomach, nervousness, sleeplessness, headache. Just ONE spoonful stops GAS, and relieves that full, bloated feeling so that you can eat better and sleep better. Even 12 bowels move daily, Adlerika brings out much additional poison which you never guessed was in your system and which may have long caused trouble. No matter what you have tried for stomach and bowels, Adlerika will surprise you. Johnson's Pharmacy, Economy Drug Co. and other druggists. —Adv.

Corns

Lift Off—No Pain!

"Freezone" on an aching corn, in. Doesn't hurt one bit! Drop a little instantly that corn stops hurting, then shortly you lift it right off with fingers.

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot calluses, without soreness or irritation. —Adv.

THURSDAY, MARCH 31, 1927

TRANSPORTATION 25 YEARS HENCE

WE saw an article in the "Connector" which visions the transportation field a quarter century hence. And it's some dream, the artist portraying a huge four deck automobile with all conveniences including a landing deck for airplanes to be used on side-trips, a race track for horses, an observation deck, elevator service to carry passengers from ground to top deck. Such a colossal bus may be built, but at the same the prognosticator of automobile transportation splurges forgot to specify what kind of a roadbed is to carry such tremendous tonnage. With the present highways in certain sections, the introduction of such tonnage would be as damaging to the road as running a mountain engine on a 60 pound rail siding.

The artist let his dreams run riot. E. M. Sutherland, however, writes in a more pinned to earth style. At least he keeps his wheels or feet on the ground.

"Perhaps, first, before looking into the future, it is well to look into the past and just trace the growth of transportation from man power to the latest commodity," writes Mr. Sutherland. "First we have man power, then oxen, and the horse drawn vehicles. The railroad and street car, horse drawn, cable, then the electric train and interurban—then along came the automobile, built first for pleasure, then for passenger transportation—the converted passenger car for truck purposes and every one taking its part in the development of transportation and the economic development of our country.

"The increase in motor transportation from the passenger car angle has been rapid, coming from a little over a million cars back in 1914 to over 22 million cars in 1926. In 1926 there was one motor vehicle to every 5.4 persons in the United States."

We may add that possibly the six-tenths left was planning on buying a car.

Mr. Sutherland does not think that a saturation point will ever be gained. The problem, we believe, will not be in finding enough potential owners to take up greater car production, but the question of highways and city streets to hold the ever increasing crowd will necessitate thinking on the part of towns, cities, states, etc.

"In commercial transportation, production of trucks and busses has just started, for at the present time there are only 2,839,000 trucks registered in the United States."

Mr. Sutherland claims that "busses running on schedule time, carrying 25 passengers, 35, 40 passengers, a capacity, perhaps, of the average railroad coach; feeding the railroads and servicing the communities which are lying in the outlying districts; will develop the best resources of the United States and continuing to make this, our United States, the richest country in the world."

IMPORTANCE OF MANGANESE

ON April 19th the Ohio Section of the American Institute of Mining and Metallurgical Engineers will meet in Cleveland to discuss ways and means of providing adequate supplies of manganese ores for the steel industry. Manganese has become a very essential substance in the manufacturing of pig iron and steel, and the United States appears to be lacking in an adequate supply of suitable ores. Being of vital importance and being a strategic mineral, as was learned during the last war, a large number of iron and steel company officials and government officials will be in attendance. It is the first time a meeting of this sort has been held. A special program of six papers has been prepared for the occasion and they will cover the whole subject. The program is as follows:

Dr. C. K. Leith, Professor of Geology at the University of Wisconsin and known as an authority of the international situation as it applies to minerals, will discuss the political aspect.

J. V. W. Reynolds, of New York, past president of the Institute, will discuss the world's reserves of manganese ores.

E. A. Kittson, Geologist for the Imperial Government of South Africa, will discuss the new deposits of the East Coast, or Ivory Coast, of Africa.

Sir Robert Hadfield, of London, and the foremost metallurgist of the British Empire, will discuss the metallurgy of manganese, a subject in which he is pre-eminent.

H. M. Boylston, Professor of Metallurgy at the Case School of Applied Science, of Ohio, will discuss the advantage of using manganese in making steel.

T. L. Joseph, of the Bureau of Mines, and a recent winner of a medal offered by the Institute, will present the results of his recent research work in the use of low-grade manganese ores in blast furnace practice.

Carl Zapffe, of Brainerd, Manager of Iron Ore Properties of the Northern Pacific Railway Co., will present a resume of the reserves of Lake Superior manganese iron ores and test the adequacy of that reserve as applied to the known reserve of the iron ores of that region.

Because the Cuyuna district, of Crow Wing County, has a large tonnage of manganese iron ores, it is evident that this increasing interest and increasing use of such ores is bound to become of great economic importance to this part of Minnesota. The Cuyuna district now produces as much manganese iron ores as all the other districts of the Lake Superior region combined, and it is just making a beginning; production from existing mines is not even as great as it could be, and many former mines are still inactive. The Cuyuna ores also contain more manganese than similar ores obtained from the other districts, which is of great consequence.

THE Westinghouse Electric & Manufacturing Co. sums it up well when their new advertising policy is announced: "Newspapers seem to offer the only medium by which we can both 'nationalize' and 'localize' our various sales campaigns, thus permitting us to conduct a nation-wide campaign on products and at the same time vary our program to fit the needs of specific districts."

THE editor of the Chicago Daily News has well said: "Crime obtrudes itself, while news of meritorious actions, as a rule, is surprisingly difficult to capture." A man may be a good citizen and father for half a century and never get his name in the paper. His next door neighbor, in a heat of passion, may kill a man and gets front page position and an extended writeup.

THE advance of spring has a pendulum-like movement. It may be checked by a short snowstorm, but the pendulum soon

ESTABLISH HEADQUARTERS

Bako Process Paint Shop to be Head of Concern in This District

The Bako Process Paint Shop, located in the rear of the Brainerd Service Motor Co. has been made the headquarters for this concern in the district, according to John O'Fallon, owner of the local shop and the one at Aitkin which has been in business for three years.

Matinee Ladies

BY
William B. Courtney

Copyright 1927, Warner Bros. Pictures, Inc.
"MATINEE LADIES," with May McAvoy, is a Warner Bros. pictureization of this novel.

SYNOPSIS

Bob Ward, poor college student, working as a dancing partner for rich women, falls in love with Sally Smith, a cigarette girl. She warns him against the mysterious and beautiful Mrs. Hammond, habitué of the roadhouse, who holds her "thrill" in "haunting" Bob, who, however, trusts her. She offers him free use of her secret apartment. Bob quarrels with Sally over the offer. He returns later to Sally's house, only to find she has gone to a wild party at the home of Macie Revere, where Aldrich, a financier, preys upon Sally.

CHAPTER XV—Continued

Aldrich leaned eagerly close to Sally, and his voice became thick with the rising just that gazed his veins as he feasted his desires upon her lovely innocence:

"You won't be sorry if you're alone to me!" he prompted.

Sally did not know just what he meant, but she said, quite naturally and instinctively:

"If it's anything important, I know I'd have to talk it over with Bob first. Mr. Aldrich. Bob is very sensible, you know!"

"Indeed! No, I never suspected it!" remarked Aldrich dryly. "And who, may I ask, is Bob?"

"Bob—Bob Ward, the football player, you know," declared Sally proudly. "Is the boy I'm in love with!"

Then all of a sudden Sally felt that the effects of the first drink she had and the second one that Aldrich was pressing on her had

Bob swung his heavy right fist with no apparent effort.

mixed her perceptions up a bit; had caused a slight lapse of memory, which made her confession about Bob an anachronism. It just occurred to her, making her feel quite silly, that Bob and she had come to the parting of the ways.

Why, he had been perfectly horrid to her and had left her house with the expressed intention of going to Mrs. Hammond's "lovenest"—of becoming that awful woman's male creature! For that's what it would mean, nothing less, even though Bob did not know it, or at least pretended not to know it.

On her stumbrous nerve alone, on an hysterical yet subdued wave of resentment and bitterness, Sally had donned the beautiful things Mannon had sent to her and had permitted him to take her to Macie's. Unnaturally cold without, while she was heartbroken within, Sally had come to the party and mingled with the strange and uncommon guests. Not until she had, in her tangled emotional state, sat alone with Aldrich and allowed him to persuade her to take a drink had her brave little reserve been penetrated.

The bitter heartbreak rushed through the breach. Oh, little Sally Smith felt so miserable to think that her short week of romance had ended in this wise; that her Prince Charming had deserted her and left her to wander alone and friendless amid such dangers as Macie Revere's party and guests.

She no longer thought of Aldrich as an awesome wizard of Wall Street; she thought of him as a brazen man, who was leering repulsively, desirously, at her naked white shoulders. She folded her arms protectively over her lowest bosom and covered her slim shoulders with her slender hands and struggled with an impulse to weep. She wished that Bob would come into her life again as he had that memorable afternoon, so shortly passed, and buoy her up again out of her surroundings on wings of romance. Alas! love's young dream between these two was stifled forever, she felt.

She felt very reckless, very desperate; hastily, as much to hide her emotions as to satisfy a thirst.

Robert Cook is the manager of the Brainerd shop and will make his home here. He has been in the employ of Mr. O'Fallon for the past three years. Mr. Cook will move his family to Brainerd in the near future.

Mr. McGregor, now in the employ of the Bako process will take care of the demand for sign work, show cards and scenic decorating.

A scene depicting one of Minnesota's lakes has been painted on the car used by the local firm.

How Children Quickly
Gain Robust Health

For weak, puny, inactive children—and especially those that have rickets, and need a sure builder that promotes the growth of teeth and bones, Cod Liver Oil is the one medicine supreme—nothing helps like it.

But it is nasty and repulsive and evil smelling and nearly always upsets children's stomachs—so now up-to-date pharmacists advise McCoy's Cod Liver Oil Compound Tablets, with their wealth of vitamins.

Children love them as they do candy, because they are sugar coated and easy to take. One boy gained 11½ pounds in seven weeks, and is now healthy and happy—thousands of other children have grown strong and robust.

Sixty tablets for 60 cents at H. P. Dunn's, C. D. Johnson's and druggists everywhere. Try them for 30 days and if you are not happily satisfied with the test get your money back. But demand McCoy's—it pays to get the genuine. —Adv.

RECIPE TO CLEAR A PIMPLY SKIN

Pimples are Impurities Seeking an Outlet Through Skin Pores

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter the impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate; then the blood uses the skin pores as the next means of getting rid of these impurities, which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of water each morning before breakfast for one week. This will help prevent the formation of toxins in the bowels. It also stimulates the kidneys, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effective drink which usually helps make pimples disappear. —Adv.

Removing the cause of Constipation

Today most people know how to avoid constipation. First, Eat simpler foods, allowing digestion to improve. Second, Stimulate the bowels and bowels right. Tasty by taking Chamberlain's Cough Syrup. Third, Get quick results. Get the Chamberlain's Cough Syrup. For free sample, write to Chamberlain Medicine Co., 601 Park St., Des Moines, Ia.

TRANSPORTATION 25 YEARS HENCE

We saw an article in the "Connector" which visions the transportation field a quarter century hence. And it's some dream, the artist portraying a huge four deck automobile with all conveniences including a landing deck for airplanes to be used on side-trips, a race track for horses, an observation deck, elevator service to carry passengers from ground to top deck. Such a colossal bus may be built, but at the same the prognosticator of automobile transportation splurges forgot to specify what kind of a roadbed is to carry such tremendous tonnage. With the present highways in certain sections, the introduction of such tonnage would be as damaging to the road as running a mountain engine on a 60 pound rail siding.

The artist let his dreams run riot. E. M. Sutherland, however, writes in a more pinned to earth style. At least he keeps his wheels or feet on the ground.

"Perhaps, first, before looking into the future, it is well to look into the past and just trace the growth of transportation from man power to the latest commodity," writes Mr. Sutherland. "First we have man power, then oxen, and the horse drawn vehicles. The railroad and street car, horse drawn, cable, then the electric train and interurban—then along came the automobile, built first for pleasure, then for passenger transportation—the converted passenger car for truck purposes and every one taking its part in the development of transportation and the economic development of our country.

"The increase in motor transportation from the passenger car angle has been rapid, coming from a little over a million cars back in 1914 to over 22 million cars in 1926. In 1926 there was one motor vehicle to every 5.4 persons in the United States."

We may add that possibly the six-tenths left was planning on buying a car.

Mr. Sutherland does not think that a saturation point will ever be gained. The problem, we believe, will not be in finding enough potential owners to take up greater car production, but the question of highways and city streets to hold the ever increasing crowd will necessitate thinking on the part of towns, cities, states, etc.

"In commercial transportation, production of trucks and busses has just started, for at the present time there are only 2,839,000 trucks registered in the United States."

Mr. Sutherland claims that "busses running on schedule time, carrying 25 passengers, 35, 40 passengers, a capacity, perhaps, of the average railroad coach; feeding the railroads and servicing the communities which are lying in the outlying districts; will develop the best resources of the United States and continuing to make this, our United States, the richest country in the world."

IMPORTANCE OF MANGANESE

ON April 19th the Ohio Section of the American Institute of Mining and Metallurgical Engineers will meet in Cleveland to discuss ways and means of providing adequate supplies of manganese ores for the steel industry. Manganese has become a very essential substance in the manufacturing of pig iron and steel, and the United States appears to be lacking in an adequate supply of suitable ores. Being of vital importance and being a strategic mineral, as was learned during the last war, a large number of iron and steel company officials and government officials will be in attendance. It is the first time a meeting of this sort has been held. A special program of six papers has been prepared for the occasion and they will cover the whole subject. The program is as follows:

Dr. C. K. Leith, Professor of Geology at the University of Wisconsin and known as an authority of the international situation as it applies to minerals, will discuss the political aspect.

J. V. W. Reynolds, of New York, past president of the Institute, will discuss the world's reserves of manganese ores.

E. A. Kittson, Geologist for the Imperial Government of South Africa, will discuss the new deposits of the East Coast, or Ivory Coast, of Africa.

Sir Robert Hadfield, of London, and the foremost metallurgist of the British Empire, will discuss the metallurgy of manganese, a subject in which he is pre-eminent.

H. M. Boylston, Professor of Metallurgy at the Case School of Applied Science, of Ohio, will discuss the advantage of using manganese in making steel.

T. L. Joseph, of the Bureau of Mines, and a recent winner of a medal offered by the Institute, will present the results of his recent research work in the use of low-grade manganiferous ores in blast furnace practice.

Carl Zapffe, of Brainerd, Manager of Iron Ore Properties of the Northern Pacific Railway Co., will present a resume of the reserves of Lake Superior manganiferous iron ores and test the adequacy of that reserve as applied to the known reserve of the iron ores of that region.

Because the Cuyuna district, of Crow Wing County, has a large tonnage of manganiferous iron ores, it is evident that this increasing interest and increasing use of such ores is bound to become of great economic importance to this part of Minnesota. The Cuyuna district now produces as much manganiferous ores as all the other districts of the Lake Superior region combined, and it is just making a beginning; production from existing mines is not even as great as it could be, and many former mines are still inactive. The Cuyuna ores also contain more manganese than similar ores obtained from the other districts, which is of great consequence.

THE Westinghouse Electric & Manufacturing Co. sums it up well when their new advertising policy is announced: "Newspapers seem to offer the only medium by which we can both 'nationalize' and 'localize' our various sales campaigns, thus permitting us to conduct a nation-wide campaign on products and at the same time vary our program to fit the needs of specific districts."

THE editor of the Chicago Daily News has well said: "Crime obtrudes itself, while news of meritorious actions, as a rule, is surprisingly difficult to capture." A man may be a good citizen and father for half a century and never get his name in the paper. His next door neighbor, in a heat of passion, may kill a man and gets front page position and an extended writeup.

THE advance of spring has a pendulum-like movement. It may be checked by a short snowstorm, but the pendulum soon swings to the warmer side.

A scene depicting one of Minnesota's lakes has been painted on the car used by the local firm.

It. And the salt tears mingled with the beverage.

There was a commotion in the living room, off the roof garden. Aldrich, whose dynastic life was untouched by commotions of any sort except those his presence or power caused, never even bothered to look or listen. Sally was quite too befuddled to notice. He leaned across the table and, seeking to take advantage of her patent emotional upset, whispered:

"Little girl, you're troubled. You need a friend. Let me be a friend to you!"

After all, why not? reasoned little Sally Smith, in her state of mind where she knew not reason. Hadn't Bob taken a friend—Mrs. Hammond? Why shouldn't little Sally have a new friend—Mr. Aldrich?

Aldrich was patting her hands now, atop the table. Sally, with closed eyes and head bowed, was beginning to have to fight against an overwhelming sense to do two things at once—cry and sleep!

Then the commotion exploded right at hand. A bulky, raging figure shouldered out from the living room, throwing off maids and butler, guests and Mazie, who sought to stop his progress. He banged a great fist on the table between little Sally Smith and wealthy Mr. Aldrich—a bang that snapped Sally out of her fog as it caused Mr. Aldrich to leap to his feet, unstrung for all his billions.

Sally blinked. Sure enough, it was Bob. She was so glad to see him—sure, and what else? What was that black, murderous look in his eyes; that bitterly accusing glare? Her cry of relief aborted on her quivering lips as Bob's first words assailed her ears.

"You were a fine one to try and preach to me about Mrs. Hammond! You, who come to places like this and—my God!—get drunk! Sally Smith, you've opened my eyes. You're—"

A hand was placed on Bob's shoulder, tried to pull him around. Bob turned, and a brief glance upon the interposer. It was Tom Mannion, snarling:

"See here, you, what the devil do you mean by talking to my girl like that!"

Bob swung his heavy right fist with no apparent effort, without strain; yet, meeting Mannion's chin, it drove him back and to the floor in an unconscious heap. Aldrich leaped at Bob, following that, and smashed him behind the ear; others of the twelve best clubmen rallied loyally into the fray.

While Mazie screamed, and Madame Loonine screamed, and the living statues screamed, and every female except Sally screamed, Bob went to work on the clubmen. Sally sat white of face, terror-stricken, fascinated, as she saw him smash one after the other without regard for social position into an indiscriminate heap upon the floor. Twelve best clubmen knocked out in a row!

Now he was facing her again, breathing a little harder, sneering into her horrified face.

"I came here to save you from these people, to take you home. But I don't think you're worth taking home. You, who talked so hypocritically of Mrs. Hammond! Why, you're not fit to mention her name!" Bob surely was terribly mad for one so young and handsome. "I'm going to her now!" he exclaimed dramatically.

Poor little Sally Smith! The victim of her overwrought emotions, of her own efforts to bottle up her grief, of her misguided recklessness, she tried hard to speak to Bob. She wanted to cry out to him her gladness at seeing him; she wanted to jump up and throw her arms around him. But for one thing her legs wouldn't hold her, and for another thing the terrible anger on Bob's young face and the destruction he had caused among the Twelve Best Clubmen completed the wrecking of her physical powers and reactions. Her lips refused to voice a word!

Bob suddenly bent close to look at her, and all the drama, all the strong rage collapsed in him, stripping him to a simple expression of starkly horrified realization.

"Sally Smith, great heavens—you ARE drunk!"

A tense sob escaped him. This, then, was the very end of his illusions, of his hopes. The precious little combed-honey head that he had adored was nodding frowzily, the stary eyes that once had thrilled him were blinking dully. He cursed furiously, shrunk away from Sally, turned and drove a blind, harsh way through clubmen and gold-diggers—out, out, away, to his last hope, to his final stand-by, Mrs. Hammond.

He would go to Mrs. Hammond's apartment, "lovenest" or not. Nothing mattered now. His degree, his career, all were killed. Yes, he would go to Mrs. Hammond. However and wherever she wanted him—Bob, or brain, or both—he could have him. He rushed away into the night.

How Children Quickly
Gain Robust Health

For weak, puny, inactive children—and especially those that have rickets, and need a sure builder that promotes the growth of teeth and bones, Cod Liver Oil is the one medicine supreme—nothing helps like it. But it is nasty and repulsive and evil smelling and nearly always upsets children's stomachs—so now up-to-date pharmacists advise McCoy's Cod Liver Oil Compound Tablets, with their wealth of vitamins.

Children love them as they do candy, because they are sugar coated and easy to take. One boy gained 11½ pounds in seven weeks, and is now healthy and happy—thousands of other children have grown strong and robust.

Sixty tablets for 60 cents at H. P. Dunn's, C. D. Johnson's and druggists everywhere. Try them for 30 days and if you are not happily satisfied with the test get your money back. But demand McCoy's—it pays to get the genuine. —Advt

RECIPE TO CLEAR
A PIMPLY SKINPimples are Impurities Seeking an
Outlet Through Skin
Pores

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter the impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate; then the blood uses the skin pores as the next means of getting rid of these impurities, which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of water each morning before breakfast for one week. This will help prevent the formation of toxins in the bowels. It also stimulates the kidneys, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effective, efficient drink which usually helps make pimples disappear. —Advt

Removing the cause
of Constipation

Today most people know how to avoid constipation. First: Eat simpler foods, allowing digestion to improve. Second: Stimulate better digestion and bowel regularity by taking Chamberlain's Cough Syrup. Third: Avoid indigestion, get quick results, and be sure to get your dose at your drug store. For free sample, write Chamberlain, Co., 601 Park St., Des Moines, Ia.

Some of the Things

A Clean-Up, Fix-Up

Campaign Does for City

The Northeast Brainerd Improvement League calls attention to some of the benefits to be derived from a Clean-Up and Paint-Up campaign such as they are sponsoring for the week of April 17 to 23.

1. The Clean Up and Paint Up campaign develops community spirit. Through this campaign all classes of people learn to work and play together. Chronic knockers are led into the ranks of the boosters.

2. This campaign helps not only to "clean up," but to publicly and permanently commit to cleanliness and attractiveness everything cleaned up. "The mere cleaning is transient and futile without this public commitment to the new order of things, so that being "clothed in the garb of righteousness," as it were, and in its new dress of grass or shrubbery, a thrift garden, or paint, the place will so inspire the respect of everybody that it will not be permitted to revert to its former disorderliness.

3. Streets and alleys are cleaned up, repaired and thereafter kept in good condition.

4. Fire losses are reduced through the removal of waste and rubbish.

5. Vacant grounds are improved, mowed, cleared of rubbish and converted into playgrounds or thrift gardens, thus preventing their return to disorderliness.

6. Public buildings are renovated. Landscaping is renewed. Trees are planted.

7. Homes are cleaned and beautified, inside and out. Grounds, front and back alleys and outbuild-

ings are cleaned up. Garages and fences are painted and repaired.

8. This campaign saves human lives. Breeding places of disease are destroyed. Flies, mosquitoes, rats, roaches and other pests are eliminated.

9. Property values are restored or increased.

10. It advertises the city. Many communities have shown a more rapid growth in population after they inaugurated these campaigns than they had ever hoped to enjoy.

11. This campaign helps business. It starts repairs and building activity. It creates a lively demand upon local dealers for everything needed in making homes clean and attractive and safe from fire, disease and the weather. It stabilizes, restores and increases the value of real estate and helps the bankers and the borrowers.

12. It develops good citizenship and builds character.

It Pays to Paint

PAINT itself costs little but it pays big in cutting down repair bills, increasing property value and giving you the solid satisfaction of owning buildings that are a pride to the community. Paint your old buildings as well as your new with Gilt Edge Paint. Northwest farmers have relied upon Gilt Edge Paint for 22 years. It is a special Northwest paint, made to withstand our severe climate. Pure white lead, zinc and imported French ochres give it greater covering capacity and economy than ordinary paint.

Get acquainted with the Gilt Edge dealer near you. Ask him about Gilt Edge unadulterated House Paint and Gilt Edge special Barn Paint. Let your wife talk to him about Vel-Vet Wall Finish and Glazine Floor Finish. Remember: For every job, inside or out—there's a Gilt Edge Paint that's right.

CLEAN-UP-PAINT-UP
FIX-UP

The Rip Van Winkle
Idea was never
Right

CIVIC PRIDE
can't afford to
sleep for a
Single Instant

You have seen them yourself—drowsy, lazy, indifferent communities sleeping away priceless hours when other towns and sections are working night and day to bring civic pride up to a high pitch. And such communities get such a "running start" that it is difficult to ever catch up with them. When a Rip Van Winkle's town does awaken it faces a giant task.

In towns where paint is almost a religion, where the clean up, dress up and perk up idea persists, real estate values are higher, homes are more popular and are worth more, and progress is in the very air.

The "Bako Process" of auto painting is the outgrowth of many years of experimentation before its introduction to the public. "Bako" enamels are exceptionally elastic and will positively withstand extreme changes in temperature without checking, cracking, or peeling. There are today 224 "Bako" Paint Shops similar to the Brainerd Shop, applying these enamels, and their customers, owners of all makes of cars, are legion. All shops have a special paint remover which removes all traces of old paint in 30 to 60 minutes, thus enabling them to give each customer a written guarantee. This remover, including other equipment, enables these shops to give the public from 24 to 48 hour service on all paint jobs.

Even a BEAUTIFUL HOUSE
needs PAINT

Architecture can't do everything for a house and a home. Its lines may be altogether charming and artistic but if it needs painting and its roof needs staining, at least fifty per cent of the visual appeal is absent.

People build a house or buy a new house and think that this ends their responsibility. But paint doesn't last forever. As the seasons pass, with their blistering suns and their rains and snows, much of the original beauty vanishes. You may not notice it—but your neighbors do.

Clean Up and Paint Up

Profit—and the Farm

Farming requires courage. Every dollar is worked for with double energy. And often, at the end of the year, if the elements are against him, the farmer discovers that he has just come out about even.

But the statement is often heard that farmers are careless in some matters. They allow expensive machinery to rust, and they delay painting homes, barns and out-houses until the serious damage has been done.

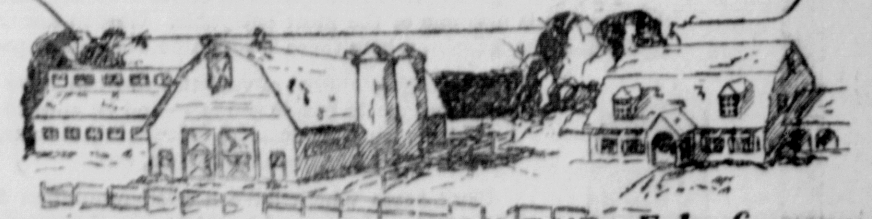

Certain it is that farm buildings of all kinds would last much longer and look much better, if given a coat of paint when it's needed. Farms, too, are judged by their appearance. Paint gives a "prosperity look."

Consult us about repainting your farm buildings.

GUARDS WATCH HOSPITAL WHERE FORD IS ILL

SUFFERS FROM INJURIES IN
AUTO ACCIDENT OF
SUNDAY

EVERY POSSIBLE CARE IS LAV-
ISHED ON KING OF
INDUSTRY

By M. D. TRACY
United Press Staff Correspondent
Detroit, March 31.—Guards today
watched every corridor of the wing of
Henry Ford hospital at Dearborn
where Henry Ford himself lay ill from
injuries received Sunday night in an
automobile accident, and every care
that could be lavished on a president
or an emperor was given the billion-
aire.

Rumors abounding in Detroit and
Dearborn that Ford was the victim
of an attempted assassination were
discounted. Little evidence had been
uncovered to support the reports.
Private detectives and members of the
Dearborn police force, however, were
seeking two men whose automobile
crowded the Ford coupe driven by the
motor magnate off a highway.

Federal officers investigating the ac-
cident were known to have arrested
four men, but denied the quartet was
held in connection with the Ford ac-
cident.

Today the Ford hospital reported
the motor magnate passed an easy
night and was "getting better." Phy-
sicians insisted there was no cause
for alarm. It was admitted, however,
that the injuries had at first been con-
sidered serious. Ford's chest and
back were in splints to facilitate heal-
ing.

Danger of development of pneumo-
nia frequently exists when injuries
force binding of the chest and back,
physicians said, and a corps of nurses,
under direction of Dr. R. D. McClure,
head surgeon of the hospital, watched
constantly at the bedside to detect
signs of difficulty in breathing.

The injuries to Ford may delay trial
of the million dollar Aaron Sapiro
libel suit against the world's richest
man. Attorneys for Sapiro today said
they would insist on putting Ford on
the witness stand before they close
their case.

Although the accident occurred Sun-
day and Ford was taken from his
home to the hospital Tuesday, news
of the injuries was rigidly suppressed
until yesterday.

42 INDIAN GIRLS OWE THEIR LIVES TO TWO TEACHERS

Klamath Falls, Ore., March 31.
—(UP)—Forty-two Indian girl
students today owed their lives to
two teachers for saving them
from flames which destroyed their
dormitory at the reservation
school here.

The girls were asleep when the
fire was discovered last night.
The two teachers aroused them
and all were removed from the
building without injury.

BROKERS EXPELLED FOR PRACTICES

Chicago, March 31.—(UP)—James
D. Hill and Co., brokers on the Chi-
cago Board of Trade have been ex-
pelled for "practices contrary to the
rules of the Board of Trade," it was
announced today.

BANK MERGER IN NEW YORK

BANK OF MANHATTAN MAY CON-
SOLIDATE WITH SEABOARD
NATIONAL BANK

New York, March 31.—(UP)—
The venerable bank of Manhattan,
organized in 1799 as a company to
supply water to New York, and
which has a romantic background of
duels and political struggles in the
days of Alexander Hamilton and
Aaron Burr, was reported late yes-
terday about to merge with the Sea-
board National bank in a \$500,000-
600 institution.

The Seaboard National is a mere
upstart of 34 years. Wall Street
heard that Chellis A. Austin, presi-
dent of the Seaboard, would head the
new institution with Stephen Baker,
69-year-old president of the Man-
hattan, as chairman of the board.

Officials of neither bank would
discuss the reports.

Flowers— Fresh from your own garden

A FLOWER garden is the cheapest and easiest-to-make yard decoration you can provide
and it is also one of the most enjoyable. Garden annuals will grow in any fairly
good soil in a location where there is sunshine the greater part of the day.

By a little planning of varieties you can have blooms from
early summer to late in the fall—and be sure to choose some
for cutting, such as cosmos, calendulas, zinnias, sweet peas,
nasturtiums, pinks, petunias, asters, etc.

Plant seeds which have a good reputation for producing
flowers in profusion and true to type. Northrup, King & Co.'s

GUARDS WATCH HOSPITAL WHERE FORD IS ILL

SUFFERS FROM INJURIES IN
AUTO ACCIDENT OF
SUNDAY
EVERY POSSIBLE CARE IS LAV-
ISHED ON KING OF
INDUSTRY

By M. D. TRACY
United Press Staff Correspondent
Detroit, March 31.—Guards today
watched every corridor of the wing of
Henry Ford hospital at Dearborn
where Henry Ford himself lay ill from
injuries received Sunday night in an
automobile accident, and every care
that could be lavished on a president
or an emperor was given the billion-
aire.

Rumors abounding in Detroit and
Dearborn that Ford was the victim
of an attempted assassination were
discounted. Little evidence had been
uncovered to support the reports.
Private detectives and members of the
Dearborn police force, however, were
seeking two men whose automobile
crowded the Ford coupe driven by the
motor magnate off a highway.

Federal officers investigating the ac-
cident were known to have arrested
four men, but denied the quartet was
held in connection with the Ford ac-
cident.

Today the Ford hospital reported
the motor magnate passed an easy
night and was "getting better." Physi-
cians insisted there was no cause
for alarm. It was admitted, however,
that the injuries had at first been con-
sidered serious. Ford's chest and
back were in splints to facilitate heal-
ing.

Danger of development of pneumo-
nia frequently exists when injuries
force binding of the chest and back,
physicians said, and a corps of nurses,
under direction of Dr. R. D. McClure,
head surgeon of the hospital, watched
constantly at the bedside to detect
signs of difficulty in breathing.

The injuries to Ford may delay trial
of the million dollar Aaron Sapiro
libel suit against the world's richest
man. Attorneys for Sapiro today said
they would insist on putting Ford on
the witness stand before they close
their case.

Although the accident occurred Sun-
day and Ford was taken from his
home to the hospital Tuesday, news
of the injuries was rigidly suppressed
until yesterday.

42 INDIAN GIRLS OWE THEIR LIVES TO TWO TEACHERS

Klamath Falls, Ore., March 31.
—(UP)—Forty-two Indian girl
students today owed their lives to
two teachers for saving them
from flames which destroyed their
dormitory at the reservation
school here.

The girls were asleep when the
fire was discovered last night.
The two teachers aroused them
and all were removed from the
building without injury.

BROKERS EXPELLED FOR PRACTICES

Chicago, March 31.—(UP)—James
D. Hill and Co., brokers on the Chi-
cago Board of Trade have been ex-
pelled for "practices contrary to the
rules of the Board of Trade," it was
announced today.

it's better than driving head-on and
wrecking yourself against a stone
wall.—System Magazine.

BANK MERGER IN NEW YORK

BANK OF MANHATTAN MAY CON- SOLIDATE WITH SEABOARD NATIONAL BANK

New York, March 31.—(UP)—
The venerable bank of Manhattan,
organized in 1799 as a company to
supply water to New York, and
which has a romantic background of
duels and political struggles in the
days of Alexander Hamilton and
Aaron Burr, was reported late yes-
terday about to merge with the Sea-
board National bank in a \$500,000-
600 institution.

The Seaboard National is a mere
upstart of 34 years. Wall Street
heard that Chellis A. Austin, presi-
dent of the Seaboard, would head the
new institution with Stephen Baker,
69-year-old president of the Man-
hattan, as chairman of the board.

Officials of neither bank would
discuss the reports.

Flowers— Fresh from your own garden

A FLOWER garden is the cheapest and easiest-to-make yard decoration you can provide
and it is also one of the most enjoyable. Garden annuals will grow in any fairly
good soil if in a location where there is sunshine the greater part of the day.

By a little planning of varieties you can have blooms from
early summer to late in the fall—and be sure to choose some
for cutting, such as cosmos, calendulas, zinnias, sweet peas,
nasturtiums, pinks, petunias, asters, etc.

HI-Y CLUB OFFICERS TO MEET IN CITY

Brainerd Club to be Hosts for Two Days to 22 Officers

THREE TOWNS REPRESENTED

Training Conference to Open With Banquet on Tomorrow Evening

The Brainerd Hi-Y club will be hosts tomorrow and Saturday to about twenty Hi-Y club officers from Little Falls, Glenwood and Detroit Lakes, who will assemble here for a training conference. The meetings will begin with a banquet Friday night at the rooms of the Brainerd Gas Co., served by several mothers of local club members.

The Saturday sessions will be held at the First Congregational church, with discussion group meetings for club presidents, treasurers, and chairmen of program, Bible study and membership committees. At the closing session of the morning, the local Hi-Y club will put on a demonstration of the initiation ritual, initiating several members of one of the out-of-town clubs.

At the meeting of the Brainerd club last evening at the Y. M. C. A. seven new members were initiated.

STATE HIGH EXAMS

Dates Announced for Holding of Examinations in Rural Schools

The State High School Board examinations will be given in the rural schools on April 27, 28, and 29. They will be given again beginning May 27, according to Mrs. Irma C. Hartley, county superintendent of schools.

A recent ruling from the State Department excludes from the first examination any pupils from state graded or parochial schools.

GRADE STREETS

Alderman E. Ritari to Supervise Street Work With Wehr Grader

Work was started this afternoon in the grading of all streets in the city under the supervision of Alderman Ernest Ritari, chairman of the street committee.

The Fordson Wehr grader is being used for the work, which started in the fourth ward, to be continued in the fifth ward, first ward, third and second wards.

NOTICE

Sealed bids will be received by the City Council of the City of Brainerd at 8 P. M. April 18, 1927, for the reconstruction of approximately three hundred (300) feet of District Sewer No. 3 lying in Maple Street between 12th Street and the General Sewer; all work to be in accordance with plans and specifications on file in office of the City Engineer of Brainerd.

All bids must be made on blank forms furnished by the City and each bid must be accompanied by a certified check payable to the City Treasurer of the City of Brainerd for at least five (5) per cent of the total amount bid.

Plans and specifications may be seen and blank forms of proposal obtained at the office of the City Engineer of the City of Brainerd.

The right to reject any or all bids is reserved by the City Council.

By order of the City Council.
E. T. FLEENER, City Clerk.

REV. M. L. EVERSZ TO GIVE LECTURE

"Louise of Prussia" is Interesting Topic in Program Tomorrow Evening

AT M. E. CHURCH

Special Program Arranged by Young People's Department of Church

An interesting program has been arranged by the Young People's department of the Methodist Episcopal church to be presented at the church, Friday, April 1 at 8 p. m.

The department has been fortunate in securing Rev. Morris L. Eversz, pastor of the Methodist Episcopal church, to lecture on "Louise of Prussia," a most interesting and inspiring topic. Mr. Eversz has delivered lectures on this topic and other similar topics at innumerable occasions before and since his coming to Brainerd, and has gained an enviable reputation as an eloquent speaker. His audiences have never failed to thoroughly enjoy listening to him, his lectures having not a dull or tiresome word from the first sentence to the last sentence. His manner of treating the subject of his talk each time has been decidedly original as he has the faculty of making dry subjects most interesting by his unusual command of language and exceptional descriptive powers.

The following is the program:
Cornet solo (Narcisus).....
Ethelbert Nevi
Miss Esther Nelson
Recitation.....Miss Anye Pentin
Lecture, (Louise of Prussia).....
Rev. Morris L. Eversz
Vocal duet.....Selected
Mr. and Mrs. C. W. Hemsworth
The funds realized will go to the Young People's department. A small admission charge will be made.

OBITUARY

Charles Julius Anderson who died at St. Joseph's hospital from the effects of typhoid fever on March 12 was born in Sweden, October 29, 1869, the youngest of 11 children. He came to America from Norkoping in 1890 and has lived in Minnesota ever since. He was a farmer and lived near Royalton in Morrison county for a year, and near Mispapp, Stearns county from 1916-1922 and near Little Fork, and Fort Ripley since 1922.

He was married to Georgiana Edgren in 1904 to which union were born eight children all of whom survive to mourn his loss. Several nieces and nephews also remain besides two sisters, Anna and Fredericka of Sweden and one brother John Wilhelm of California.

MUST HAVE 1927 LICENSES

All Cars Required to Have New Licenses on by Tomorrow Says Chief

Chief of Police Thomas Templeton announced this morning that all cars must have attached by tomorrow 1927 license plates, as April 1 is the last day car owners will be permitted to drive with last year's license plates.

Offenders will be brought before the municipal court, he said.

FARMER'S RESIDENCE SOUGHT

Search Fails to Reveal Residence of Farmer Who Was Robbed

A search of Belle Prairie and Fort Ripley town tax lists by Morrison county officials has failed to establish the residence of St. Onge, or S. J. Auger, the farmer who is alleged to have been held up by two young men on Highway No. 27 Monday afternoon, at either of the townships. Sheriff Felix, of Morrison county is investigating the case.

RESIDENT FOR 40 YEARS DIES

Mrs. Maria M. Nelson Passed Away Tuesday at Age of 65 Years

FUNERAL TOMORROW

Resident of County and Bay Lake Many Years; Survived by 8 Children

Mrs. Maria M. Nelson, a resident of Crow Wing county and Bay Lake township for the past 40 years, died at the St. Joseph's hospital Tuesday at the age of 65 years.

Mrs. Nelson was born in Denmark, April 16, 1862. She was married twice, first to N. Christensen, and later to Torkel Nelson who died a number of years ago.

Surviving are eight children, Abel, Joseph, William, and Hannah, of Bay Lake township; Mary, of Minneapolis; Mrs. H. J. Pike, Omaha, Nebraska; Mrs. Richard Terry, Florida, and Mrs. J. M. Burke, of Bemidji; also two sisters of Denmark.

Funeral services will be held Friday afternoon, April 1, at 1 o'clock from the Norwegian-Danish Lutheran church, Rev. O. L. Bolstad, officiating. Interment will be in the Bay Lake cemetery.

EARLY EASTER SERVICE PLANNED

Young People of Various Churches
of City to Hold Same at
Methodist Church

CONGREGATIONAL SINGING
Special Music and a Program Built
Around the Easter
Story

The young people of the various churches of the city are planning an early Easter service, similar to that held last year, to be held at the First Methodist church. The service last Easter was held at the First Congregational church, and drew a large number of young people from all parts of the city.

Included in the service will be special music, congregational singing, and a program built around the Easter story.

This will be the third early morning service conducted by the young people of the city. Following along the lines of last year's Easter meeting, a second service was conducted at the First Baptist church on Thanksgiving day morning at 7:30, at which time, after the close of the meeting, ladies of the Federation of Church Women served breakfast to those present.

All young people's organizations of the various churches are asked to appoint a representative at their weekly meetings on Sunday, in order that these representatives may meet early next week to form plans for the service.

16 UNDEFEATED TEAMS CONTINUE PLAYING

MILL CITY FIVE DEFEATED 22-17 BY FLORENCE

FINALS OF INTERSCHOLASTIC BASKETBALL TOURNAMENT ON SATURDAY

GRAND FORKS, N. D., DEFEATED RIDGEFIELD PARK, N. J., 28 TO 20

Chicago, March 31.—(UP)—Sixteen undefeated teams remain today in the ninth annual interscholastic basketball tournament of the University of Chicago.

This evening there will be but half as many, and Saturday night the two quintets surviving today's games and the semi-final tilts tomorrow will meet for the championship. Yesterday's games resulted as follows:

Englewood, Chicago, 35; Cheyenne, Wyo., 28.

Morton, Chicago, 24; Fairmont, Va., 22.

Vienna, Ga., 32; Winfield, Kas., 24.

London, Ky., 29; Safford, Ariz., 20.

Huron, S. D., 25; Lincoln, Neb., 16.

Grand Forks, N. D., 28; Ridgefield Park, N. J., 20.

Eau Claire, Wis., 19; Athens, Tex., 17.

Roswell, N. M., 20; Ft. Fairfield, Me., 13.

Batesville, Ark., 28; Muskegon, Mich., 20.

Eugene, Ore., 13; Duval High, Jacksonville, Fla., 12.

Manury High, Norfolk, Va., 21; Oak Ridge, La., 15.

Bristol, Conn., 19; Gilbert, Ariz., 16.

Florence, Miss., 22; South High, Minneapolis, 17.

Colorado Springs, Colo., 22; Dover, O., 18.

Consolation games Wednesday resulted:

Durant, Okla., 36; Tallahassee, Ala., 23.

Muscataine, Ia., 37; Franklin, N. H., 23.

Greenville, S. C., 36; Alpine, Tenn., 15.

Northeast High, Kansas City, 28; Deerfield Shields, Chicago, 24.

Durham, N. C., 37; Burlington, Vt., 21.

Consolation games will continue throughout the day.

The regular schedule today is as follows:

12 P. M.—Bothwell, Wash., vs. Pocahontas, Idaho.

1 P. M.—London, Ky., vs. Huron, S. D.

2 P. M.—Grand Forks, N. D., vs. Eau Claire, Wis.

5 P. M.—Roswell, N. M., vs. Batesville, Ark.

6 P. M.—Eugene, Ore., vs. Manury High, Norfolk, Va.

7 P. M.—Bristol, Conn., vs. Florence, Miss.

8 P. M.—Morton, Chicago, vs. Englewood, Chicago.

9 P. M.—Vienna, Ga., vs. Colorado Springs, Colo.

Chicago, March 31.—The Texas entry in the National Interscholastic Basketball Tournament was eliminated today when Ridgefield, N. J., defeated Athens, Texas.

The score was 25-21.

The Ridgefield-Athens game was the first of the championship fight today.

In an overtime game the Pocahontas, Idaho, high school team defeated Bothwell, Wash., 26 to 20. The score at the end of the regular playing period was 20 to 20.

Huron, S. D., a favorite in the tournament, defeated the strong London, Ky., high school team, 24 to 21.

The game between Cheyenne, Wyo., and Durant, Okla., scheduled for this afternoon, was postponed until 8 P. M. tonight.

100 PRO GOLFERS
ON HAND FOR
PINEHURST PLAY

Pinehurst, N. C., March 31.—(UP)—Approximately 100 professional golfers are on hand for the opening today of the twenty-fifth annual united north and south open golf tournament.

Thirty-six holes will be played today and an equal number tomorrow. The prize money totals \$2,000.

Bobby Cruickshank, title holder of last year, is among the entries as are Walter Hagen, Gene Sarazen, John Golden and Joe Turnesa.

Miss Glenna Collett yesterday won the woman's north and south golf championship for the fourth time.

She won from Miss Virginia Van Wie, Chicago. Miss Van Wie held the title for 1926.

London—Teddy Laidock, British bantamweight, knocked out Felix Friedman, German champion, in the second round. Bart Molina, French middleweight, knocked out Harry Collins, Australian, in the second round. Johnny Hill, Scotland, won from Petit Biquet, France, on a foul in the eleventh round.

SPORT TABLOIDS

Illinois A. C. Noses Out Central A. A.
Milwaukee—The Illinois Athletic club nosed out the Central Athletic association in the men's senior triathlon swimming championship here by a 62 to 61 score. Johnny Weismuller led his team's attack and collected 10 points by firsts in the 220 yard free style and 150 yard back stroke.

Dave Shade To Meet Rosenbloom
Chicago—Dave Shade, California, and Maxie Rosenbloom, New York, have signed to meet in a bout here April 12. The weight will be 169 pounds.

Fort Worth Buys Catcher Mintree
Fort Worth, Tex.—The Fort Worth Texas league club has purchased Catcher Ralph Mintree from the St. Paul American association team.

Triangular Track Meet at Denver
Denver—The University of Nebraska, Denver university and the Colorado Aggies will meet in a triangular track meet here Saturday. Roland Locke, former Nebraskan, will run an exhibition race.

LOWELL BEAT HARRISON IN SNAPPY TILT

MARSHALL STARS FOR LOWELL, TEAM MATES AID IN SECURING 11-5 WIN

LINCOLN OUTCLASSED WHITTIER IN ONE-SIDED GAME BY 18-4 SCORE

Lowell and Harrison, classed among the leading fastest Grade School cage teams in the city, met yesterday afternoon in the tournament in the most exciting game so far, the Lowell coming out winners by the score of 11-5.

In the first game the Lincoln school took the Whittier into camp by the score of 18 to 4. For the Lincoln school, Coffey scored two field goals, two free throws; Nordstrom, two field goals; Miller, one free throw; Schuetty, one field goal and three free throws; and Cass, one field goal.

For the Whittier school, White scored one field goal and one free throw while Clarkson scored one free throw.

The smallest player in the tournament was used for the Lincoln school towards the last part of the game. Howard Halvorson, 11 years old who weighs 85 pounds and is about 3 feet 6 inches in height, was sent in as a relief player. He was the object of great interest by the large audience of students.

The teams lined up as follows: Lincoln—Coffey, Nordstrom, forwards; Schuetty, center; Cass and Kreger, guards; Miller and Halvorson, subs.

Whittier—White, Clarkson, forwards; Trommald, center; Peterson, Bouma, guards.

Referee—Guin.

Marshall, of the Lowell team, brother of Dick Marshall, star of the Maclester quint, played the best game on the floor against the Harrison team. He came through with two baskets and three free throws, while Stanley, guard for Lowell, tallied two field goals and one free throw.

Heikkinen scored three free throws and Makki, one field goal for the Harrison school.

The line-ups: Lowell—Marshall, and Mayo, forwards; Rasch, center; Wollett and Stanley, guards.

Harrison—Heikkinen and Foster, forwards; Kukko, center; Makki and Schane, guards.

Referee—Wise.

SEMI-FINALS OF SOUTH ATLANTIC TENNIS TOURNAMENT

Atlanta, Ga., March 31.—(UP)—Semi-finals of the South Atlantic tennis tournament, postponed yesterday because of rain, will be played today. William Tilden II and "Sandy" Wiener, Philadelphia, are paired, as are Ort, Chicago, and Jack Mooney, Atlanta.

Tilden and Wiener will play together in the doubles against Eric Cook and Bob Gilmore of New York. All finals will be played Friday.

In yesterday's only matches Jack Mooney and Col. Walter Johnson, Fort Benning, Ga., defeated Neil Sullivan, Lehigh university, and Walter Thomas, national junior champion, 6-2, 6-1 and Cox and Gilmore won over Eric MeWing, New York, and Gus Tobin, Augusta, 6-1, 6-3.

Philadelphia—Eddie Huffman, California light heavyweight, won a 10-round decision from Tony Marullo, New Orleans. Vincent Forgeine, Philadelphia middleweight, won a 10-round decision from Joe Kurp, Shamokin, Pa.

DETROIT TIGERS ARE REVIEWED BY FARRELL

COBB IS A GOOD PLAYER BUT FAILED IN MANAGERIAL DIRECTION

IN HANDS OF ANOTHER LEADER CLUB MAY GET MORE OF ITS POTENTIAL STRENGTH

This is the fifth of a series of articles dealing with pennant prospects of major league teams.

By HENRY L. FARRELL
(United Press Staff Correspondent)

New York, March 31.—For several years, especially during the late periods of the Cobb regime, the Detroit Tigers were ridden harder perhaps than any club in the major leagues. It may have been responsible for the failure to do better than they have done.

Conditions became such, it is no secret, that several players practically demanded to be traded to other clubs where they felt they could get along better and play better than they could for Cobb.

There is no doubt that Cobb was a great player but he will admit himself that he was not even a good manager and in the hands of another leader the club may get more of its potential strength.

The possibilities of the club under George Moriarity, who has everything that seems essential for a successful manager, are so respected by baseball men that the team is regarded as a real dark horse in the pennant race.

The infield weakness at second base has been fatal to any chances the club had for a pennant and with the acquisition of Marty McManus from the St. Louis Browns, the weakness may be corrected.

McManus is a better second baseman than his game in St. Louis showed. He was dissatisfied with the Browns and was not on the best of terms with the management or owners of the club.

Blue, working for Moriarity, ought to be a vastly improved player. He has the mechanical equipment but he was ridden so hard by Cobb that he couldn't play his real game.

There is certainly nothing lacking in the outfield. Detroit clubs always have run to power in the outfield and in Heinie Manush, 1926 batting champion, Harry Heilmann and Bob Fothergill the team has three of the first five batters in the league. It isn't the most finished fielding combination in the league but base hits cover a multitude of fielding sins.

Cobb probably will not be missed as much as it might be figured at first glance. He slowed up so much last season that he benched himself and played little late in the season. The spirit of the club should not suffer by his departure.

The team hasn't any pitching strength to waste but there aren't many clubs in the league that have pitchers to spare. The Detroit pitchers—Whitehill, Holloway, Johns, Wells and Dauss are not the weakest combination in the league and with strong hitting behind them they do not have to be as tight on the defense as pitchers on a club that does not have such a heavy attack.

Moriarity has ability and personality. He is not inclined to Cobb's field tactics but he can be just as hard as if he has to be. His experience as a player and later as a manager should have qualified him to think heavy and "master mind" and if the breaks go good for him, the Tigers may be the biggest surprise of the year.

SHATTUCK WILL NOT COMPETE IN SWIMMING RELAYS

Iowa City, Ia., March 31.—(UP)—Shattuck military academy of Fairbault, Minn., probably will not compete in the University of Iowa interscholastic swimming relays here Saturday night because of the failure of any other institution in the academy class to register.

APPROVE MODIFIED 48-HOUR WEEK BILL FOR WOMEN

Albany, N. Y., March 31.—(UP)—Approval of the modified 48-hour week bill for women and female minors was announced today by Gov. Smith, thus ending a 12-year fight by various welfare, women's and labor organizations to establish that maximum for women in industry.

The bill affects only factories and similar institutions, such as mercantile establishments. Nurses and domestics are not included in the provision of the act. The bill was recommended by the industrial survey commission of the legislature.

CRUICKSHANK AND O'HARA BREAK EVEN

Pinehurst, N. C., March 31.—(UP)—Bobby Cruickshank and Pete O'Hara broke even at two below par today to lead in the initial round of the 72-hole north and south open golf tournament.

Cruickshank was out in 34, in in 34, while the Bretton Woods, N. H., professional had a 33 out and 35 in.

"Old man par" was also taken for a life by Walter Hagen with 35-34-69 and Leo Diegel, former Canadian open champion, 35-34-69.

The first 18 holes of the three day tourney with prizes totalling \$2,000 for low medals brought some sparkling golf. Jack Hutchison had a 70; Emmett French 71; Andy Gray, Greensboro, 71; Eugene Homans, Englewood, N. J., 71.

LEGISLATURE TODAY

Senate

Met at 10 a. m.
Nine bills introduced, eight of which concerned banking.
Bill providing more liberal compromises on delinquent real estate taxes passed by vote of 58 to 3.
Adjourned to 10 a. m. Friday.

House

Met at 2 p. m.
Six motor vehicle measures passed on special orders.

Four bills to regulate small loans indefinitely postponed.

Crime prevention bills made special order for next Tuesday.

Senate resolution received and sent to committee asking concurrence in proposal that investigation of Schall election be continued after close of session of April 21.

Bill to increase salary of legislators from \$1,000 to \$1,500 per session advanced to head of calendar.

Bill defeated proposing constitutional amendment to have members of legislature elected on party tickets.

SCHALL ELECTION INVESTIGATION

INTEREST NOW CENTERS IN THE HOUSE OF REPRESENTATIVES

St. Paul, March 31.—(UP)—Interest in the investigation of the election of Sen. Thomas D. Schall in 1924 by the senate committee today centered in the house of representatives.

The investigation itself will be continued tonight following a lay-over from Tuesday's session with a new witness on the stand. For more than a week Arthur N. Jacobs, Minneapolis publisher, has furnished the firework and tonight Frank Corneby, former ally of Schall, will bear the torch.

Corneby's examination of Corneby immediately was made necessary by reports of his physicians that he has been seriously ill and a drawn-out examination might seriously injure his weakened condition.

The scheduled session Wednesday night was postponed because of lack of a suitable chamber.

Action of the house on a joint resolution, adopted yesterday by the senate, is anxiously awaited by interested persons. The resolution would permit the investigating committee to continue its activities after the present session of the legislature adjourns.

The seers believe that the senate will steer clear of the fiery investigation by failing to act on the joint resolution.

At any rate house members are bustling about attempting to "sound out" other representatives on their personal opinions and what reaction the resolution is having in the house chambers.

The joint resolution which would mean a lengthy examination of witnesses after the legislature adjourns, is now resting with the house rules committee which is expected to take action shortly.

SECURITIES PROBE NOW UNDER WAY

St. Paul, March 31.—(UP)—man prominent in Minnesota political circles, an office holder, was said today to have been drawn into the investigation of the securities investigation.

The senate rules committee held another meeting at noon on the Hauser-Lommen resolution for an investigation of the securities body, and although no action was taken, the committee was said to have earned of unlawful dealings by a prominent man in connection with stock of the Hardstone Brick Co. of Duluth.

Rumor had it that changes had been made in the records of the commission regarding the company's application for permission to sell stock.

Iodine From Sponges
Iodine can be obtained from worn-out sponges by carbonizing them.

LIVESTOCK, PRODUCE AND GRAIN MARKETS

CHICAGO LIVESTOCK

Chicago, March 31.—(By Department of Agriculture)—CATTLE—Receipts, 11,000. Generally steady trading on all killing classes; vealers 50c lower; stockers and feeders dull, weak to 25c off for the week; weighty steers more active than light kinds; some slowness and weakness on kinds scaling under 1000 lbs; no strictly choice heavies here; best \$13.25; several loads \$10.75@12.50; kinds at inside prices being very rough but fat and scaling around 1300 lbs; few shipper kinds upward to \$13 early, now mostly \$12.50@13.

SHEEP—Receipts, 12,000. Market: Fat lambs opening very slow, weak to around 15c lower than Wednesday's close; few early sales woolled lambs \$15.75@16.25; choice heavy weight and medium weight woolled kinds held around \$16.50; package of good around 50 lb native spring lambs unsold on a \$20 bid; no clipped lambs sold; choice handweight clippers held above \$15.35; sheep strong to 25c higher; desirable fat ewes \$9.50@10.25; odd head choice upward to \$10.50; feeding and shearing lambs unchanged; medium to good finishers \$14.25@14.75; good shearing lambs held above \$15.

HOGS—(Soft or oily hogs and roasting pigs excluded)—Receipts, 22,000. Market: Early market 10@15c higher. LOWELL BEAT HARRISON IN SNAPPY TILT

MARSHALL STARS FOR LOWELL TEAM MATES AID IN SECURING 11-5 WIN

LINCOLN OUTCLASSED WHITTIER IN ONE-SIDED GAME BY 18-4 SCORE

Lowell and Harrison, classed among the leading fastest Grade School cage teams in the city, met yesterday afternoon in the tournament in the most exciting game so far, the Lowell coming out winners by the score of 11-5.

In the first game the Lincoln school took the Whittier into camp by the score of 18 to 4. For the Lincoln school, Coffey scored two field goals, two free throws; Nordstrom, two field goals; Miller, one free throw; Schuetty, one field goal and three free throws; and Cass, one field goal.

For the Whittier school, White scored one field goal and one free throw while Clarkson scored one free throw.

The smallest player in the tournament was used for the Lincoln school towards the last part of the game, Howard Halvorson, 11 years old who weighs 85 pounds and is about 3 feet 6 inches in height, was sent in as a relief player. He was the object of great interest by the large audience of students.

The teams lined up as follows: Lincoln—Coffey, Nordstrom, forwards; Schuetty, center; Cass and Kreger, guards; Miller and Halvorson, subs.

Whittier—White, Clarkson, forwards; Trommald, center; Peterson, Bouma, guards.

Referee—Guin.

Marshall, of the Lowell team, brother of Dick Marshall, star of the Macalester quint, played the best game on the floor against the Harrison team. He came through with two baskets and three free throws, while Stanley, guard for Lowell, tallied two field goals and one free throw.

Heikkinen scored three free throws and Makki, one field goal for the Harrison school.

The line-ups:

Lowell—Marshall, and Mayo, forwards; Rasch, center; Wollast and Stanley, guards.

Harrison—Heikkinen and Foster, forwards; Kukko, center; Makki and Schane, guards.

Referee—Wise.

SEMI-FINALS OF SOUTH ATLANTIC TENNIS TOURNAMENT

Atlanta, Ga., March 31.—(UP)—Semi-finals of the South Atlantic tennis tournament, postponed yesterday because of rain, will be played today. William Tilden II and "Sandy" Wiener, Philadelphia, are paired, as are Ott, Chicago, and Jack Mooney, Atlanta.

Tilden and Wiener will play together in the doubles against Eric Cook and Bob Gilmore of New York. All finals will be played Friday.

In yesterday's only matches Jack Mooney and Col. Waites Johnson, Fort Benning, Ga., defeated Neil Sullivan, Lehigh university, and Walter Thomas, national junior champion, 6-2, 6-1 and Cox and Gilmore won over Eric McWing, New York, and Gus Tobin, Augusta, 6-1, 6-3.

Philadelphia—Eddie Huffman, California light heavyweight, won a 10-round decision from Tony Marullo, New Orleans. Vincent Forgoine, Philadelphia middleweight, won a 10-round decision from Joe Kurp, Shamokin, Pa.

DETROIT TIGERS ARE REVIEWED BY FARRELL

COBB IS A GOOD PLAYER BUT FAILED IN MANAGERIAL DIRECTION

IN HANDS OF ANOTHER LEADER CLUB MAY GET MORE OF ITS POTENTIAL STRENGTH

This is the fifth of a series of articles dealing with pennant prospects of major league teams.

By HENRY L. FARRELL (United Press Staff Correspondent)

New York, March 31.—For several years, especially during the late periods of the Cobb regime, the Detroit Tigers were ridden harder perhaps than any club in the major leagues. It may have been responsible for the failure to do better than they have done.

Conditions became such, it is no secret, that several players practically demanded to be traded to other clubs where they felt they could get along better and play better than they could for Cobb.

There is no doubt that Cobb was a great player but he will admit himself that he was not even a good manager and in the hands of another leader the club may get more of its potential strength.

The possibilities of the club under George Moriarty, who has everything that seems essential for a successful manager, are so respected by baseball men that the team is regarded as a real dark horse in the pennant race.

The infield weakness at second base has been fatal to any chances the club had for a pennant and with the acquisition of Marty McManus from the St. Louis Browns, the weakness may be corrected.

McManus is a better second baseman than his game in St. Louis showed. He was dissatisfied with the Browns and was not on the best of terms with the management or owners of the club.

Blue, working for Moriarty, ought to be a vastly improved player. He has the mechanical equipment but he was ridden so hard by Cobb that he couldn't play his real game.

There is certainly nothing lacking in the outfield. Detroit clubs always have run to power in the outfield and in Heinie Manush, 1926 batting champion, Harry Heilmann and Bob Fothergill the team has three of the first five batters in the league. It isn't the most finished fielding combination in the league but base hits cover a multitude of fielding sins.

Cobb probably will not be missed as much as it might be figured at first glance. He slowed up so much last season that he benched himself and played little late in the season. The spirit of the club should not suffer by his departure.

The team hasn't any pitching strength to waste but there aren't many clubs in the league that have pitchers to spare. The Detroit pitchers—Whitehill, Holloway, Johns, Wells and Daus are not the weakest combination in the league and with strong hitting behind them they do not have to be as tight on the defense as pitchers on a club that does not have such a heavy attack.

Moriarty has ability and person ality. He is not inclined to Cobb's field tactics but he can be just as hard as if he has to be. His experience as a player and later as a manager should have qualified him to think heavy and "master mind" and if the breaks go good for him, the Tigers may be the biggest surprise of the year.

SHATTUCK WILL NOT COMPETE IN SWIMMING RELAYS

Iowa City, Ia., March 31.—(UP)—Shattuck military academy of Fairbault, Minn., probably will not compete in the University of Iowa interscholastic swimming relays here Saturday night because of the failure of any other institution in the academy class to register.

APPROVE MODIFIED 48-HOUR WEEK BILL FOR WOMEN

Albany, N. Y., March 31.—(UP)—Approval of the modified 48-hour week bill for women and female minors was announced today by Gov. Smith, thus ending a 12-year fight by various welfare, women's and labor organizations to establish that maximum for women in industry.

The bill affects only factories and similar institutions, such as mercantile establishments. Nurses and domestics are not included in the provision of the act. The bill was recommended by the industrial survey commission of the legislature.

CRUICKSHANK AND O'HARA BREAK EVEN

Pinehurst, N. C., March 31.—(UP)—Bobby Cruickshank and Pete O'Hara broke even at two below par today to lead in the initial round of the 72-hole north and south open golf tournament.

Cruickshank was out in 34, in 34, while the Bretton Woods, N. H., professional had a 33 out and 35 in. "Old man par" was also taken for a life by Walter Hagen with 35-34-69 and Leo Diegel, former Canadian open champion, 35-34-69.

The first 18 holes of the three day tourney with prizes totalling \$2,000 for low medals brought some sparkling golf. Jock Hutchison had a 70; Emmett French 71; Andy Gray, Greensboro, 71; Eugene Homans, Englewood, N. J., 71.

LEGISLATURE TODAY

Senate
Met at 10 a. m.
Nine bills introduced, eight of which concerned banking.
Bill providing more liberal compromises on delinquent real estate taxes passed by vote of 58 to 3.
Adjourned to 10 a. m. Friday.

House
Met at 2 p. m.
Six motor vehicle measures passed on special orders.

Four bills to regulate small loans indefinitely postponed.
Crime prevention bills made special order for next Tuesday.

Senate resolution received and sent to committee asking concurrence in proposal that investigation of Schall election be continued after close of session of April 21.

Bill to increase salary of legislators from \$1,000 to \$1,500 per session advanced to head of calendar.

Bill defeated proposing constitutional amendment to have members of legislature elected on party tickets.

SCHALL ELECTION INVESTIGATION

INTEREST NOW CENTERS IN THE HOUSE OF REPRESENTATIVES

St. Paul, March 31.—(UP)—Interest in the investigation of the election of Sen. Thomas D. Schall in 1924 by the senate committee today centered in the house of representatives.

The investigation itself will be continued tonight following a lay-over from Tuesday's session with a new witness on the stand. For more than a week Arthur N. Jacobs, Minneapolis publisher, has furnished the fireworks and tonight Frank Corneby, former ally of Schall, will bear the torch.

Corneby's examination of Corneby immediately was made necessary by reports of his physicians that he has been seriously ill and a drawn-out examination might seriously injure his weakened condition.

The scheduled session Wednesday night was postponed because of lack of a suitable chamber.

Action of the house on a joint resolution, adopted yesterday by the senate, is anxiously awaited by interested persons. The resolution would permit the investigating committee to continue its activities after the present session of the legislature adjourns.

The seers believe that the senate will steer clear of the fiery investigation by failing to act on the joint resolution.

At any rate house members are busily about attempting to "sound out" other representatives on their personal opinions and what reaction the resolution is having in the house chambers.

The joint resolution which would mean a lengthy examination of witnesses after the legislature adjourns, is now resting with the house rules committee which is expected to take action shortly.

SECURITIES PROBE NOW UNDER WAY

St. Paul, March 31.—(UP)—man prominent in Minnesota political circles, an office holder, was said today to have been drawn into the investigation of the securities investigation.

The senate rules committee held another meeting at noon on the Hauser-Lommen resolution for an investigation of the securities body, and although no action was taken, the committee was said to have earned of unlawful dealings by a prominent man in connection with stock of the Hardstone Brick Co. of Duluth.

Rumor had it that changes had been made in the records of the commission regarding the company's application for permission to sell stock.

Iodine From Sponges
Iodine can be obtained from waste sponges by carbonizing them.

LIVESTOCK, PRODUCE AND GRAIN MARKETS

CHICAGO LIVESTOCK

Chicago, March 31.—(By Department of Agriculture)—CATTLE—Receipts, 11,000.
